*The Ascent of Nanda Devi* H.W. Tilman,2015-12-16 In 1934 after fifty years of trying mountaineers finally gained access to the Nanda Devi Sanctuary in the Garhwal Himalaya Two years later an expedition led by H W Tilman reached the summit of Nanda Devi At over 25 000 feet it was the highest mountain to be climbed until 1950 The Ascent of Nanda Devi Tilman s account of the climb has been widely hailed as a classic Keenly observed well informed and at times hilariously funny it is as close to a conventional mountaineering account as Tilman could manage Beginning with the history of the mountain there was none and the expedition s arrival in India Tilman recounts the build up and approach to the climb Writing in his characteristic dry style he tells how Sherpas are hired provisions are gathered including a mouth blistering sauce containing 100 per cent chillies and the climbers head into the hills towards Nanda Devi Superbly parodied in *The Ascent of Rum Doodle* by W E Bowman The Ascent of Nanda Devi was among the earliest accounts of a climbing expedition to be published Much imitated but rarely matched it remains one of the best [The Ascent of Nanda Devi](#) H. **Tilman, with a Foreword By... T. G. Longstaff** Harold William Tilman, Tom George Longstaff, 1937 **Fallen Giants** Stewart Weaver, 2008-07-11 The first successful ascent of Mount Everest in 1953 by Sir Edmund Hillary and his Sherpa teammate Tenzing Norgay is a familiar saga but less well known are the tales of many other adventurers who also came to test their skills and courage against the world's highest and most dangerous mountains In this lively and generously illustrated book historians Maurice Isserman and Stewart Weaver present the first comprehensive history of Himalayan mountaineering in fifty years They offer detailed original accounts of the most significant climbs since the 1890s and they compellingly evoke the social and cultural worlds that gave rise to those expeditions The book recounts the adventures of such figures as Martin Conway who led the first authentic Himalayan climbing expedition in 1892 Fanny Bullock Workman the pioneer explorer of the Karakoram range George Mallory the romantic martyr of Mount Everest fame Charlie Houston who led American expeditions to K2 in the 1930s and 1950s Ang Tharkay the legendary Sherpa and many others Throughout the authors discuss the effects of political and social change on the world of mountaineering and they offer a penetrating analysis of a culture that once emphasized teamwork and fellowship among climbers but now has been eclipsed by a scramble for individual fame and glory

**Nanda Devi** Eric Shipton, 1939 Harvard Mountaineering, 1927 Becoming a Mountain Stephen Alter, 2015-03-10 Hailed as a wondrous book by Gretel Ehrlich and winner of the Kekoo Naoroji Book Award for Himalayan Literature a journey of healing that becomes a pilgrimage for the soul Stephen Alter was raised by American missionary parents in the hill station of Mussoorie in the foothills of the Himalayas where he and his wife Ameeta now live Their idyllic existence was brutally interrupted when four armed intruders invaded their house and viciously attacked them leaving them for dead The violent assault and the trauma of almost dying left him questioning assumptions he had lived by since childhood For the first time he encountered the face of evil and the terror of the unknown He felt like a foreigner in the land of his birth This book is his account of a series of treks he took in the high Himalayas following his convalescence to Bandar Punch the monkey's tail Nanda Devi the second highest mountain in India and Mt Kailash in Tibet He set himself this goal to prove that he had healed mentally as well as physically and to re-knit his connection to his homeland Undertaken out of sorrow the treks become a moving soul journey a way to rediscover mountains in his inner landscape Weaving together observations of the natural world Himalayan history folklore and mythology as well as encounters with other pilgrims along the way Stephen Alter has given us a moving meditation on the solace of high places and on the hidden meanings and enduring mystery of mountains

Nanda Devi Deepak Sanan, 1995 **An Eye at the Top of the World** Pete Takeda, 2009-04-13 At some point during the inhumanly cold Himalayan winter straddling 1965 and 1966 a peculiar collection of box-shaped objects one sprouting a six-foot insect-like antenna plummets nine thousand feet down the sheer flanks of a remote peak Ripped from its moorings by an avalanche the jumbled apparatus slides down a funnel-shaped hourglass of hard snow and shoots over a black cliff band careening a vertical distance six times the height of the Empire

State building The boxes come to rest on the glacier at the mountain's base One an olive drab casing the size of a personal computer begins to sink Then trailing a robotic dogtail of torn wires it slowly burns through the snow melting into solid blue glacial ice eventually disappearing beneath the surface and never seen again No one actually witnessed this event But as you read these words nearly four pounds of plutonium locked in the glacier's dark unknowable heart are almost certainly moving ever closer to the source of the Ganges River Eye at the Top of the World provides a harrowing present day account of Takeda's expedition to solve the mystery of Nanda Devi *Ascent, the Mountaineering Experience in Word and Image* Steve Roper, Allen Steck, 1984 The mountaineering experience is celebrated in word photography and illustration
