Asean Towards 2020 Strategic Goals And Future Directions:

Asean Towards 2020 Stephen Leong, 1998 **ASEAN's Diplomatic and Security Culture** Jurgen Haacke, 2013-05-13
Member states of ASEAN the Association of South East Asian Nations have developed a distinctive approach to political and security co operation which builds on the principles of sovereign equality non intervention and non interference quiet diplomacy mutual respect and the principle of not involving ASEAN in mediating bilateral disputes among the membership This book examines the origins of ASEAN s diplomatic and security culture and analyses how over time its key principles have been practised and contested as ASEAN states have responded to regional conflicts as well as challenges posed by the major regional powers ASEAN s enlargement and the Asian financial crisis The book goes on to assess whether ASEAN s diplomatic and security culture is likely to remain salient as the political economic and security context in which regional leaderships operate is undergoing further change International Environmental Laws Controlling Transboundary Atmospheric Pollution in Southeast Asia - Rajawali Pers Dr. Sukanda Husin, S.H., LL.M., 2023-07-07 The issue of global warming and global climate change as mainly caused by transboundary air pollutants has emerged since the middle of the 1970 s To some extent the impacts of global warming and global climate change are still considered uncertain by a great many nations However several environmental catastrophes have been proved highly related to the release of certain noxious emissions creating global warming and global climate change Global warming is presently one of the most threatening environmental issues facing the world Although the uncertainty of the issue is still high the United Nations Organization based on precautionary principle concluded the 1985 Vienna Convention for the Protection of the Ozone Layer hereinafter cited as the Ozone Convention the 1987 Montreal Protocol on Substances that Deplete the Ozone Layer and the United Nations Framework Convention on Climate Change in 1992 ASEAN has not done much to implement the Ozone Convention and the Climate Change Convention in the region ASEAN tended to pass soft laws rather than hard laws to deal with transboundary atmospheric pollution especially resulting from land and forest fires The book is therefore necessary to examine a specific regional environmental policies and laws dealing with global warming and climate change in Southeast Asia ASEAN the Association of Southeast Asian Nations as a fairly big regional cooperation with a great many environmental problems is chosen as examples on how a region implements international treaties coping with the issues of global warming and climate change and on what prospects a region might have in tackling the issues **(Re)Negotiating East and Southeast Asia** Alice D. Ba, 2009-03-26 This book seeks to explain two core paradoxes associated with the Association of Southeast Asian Nations ASEAN How have diverse states hung together and stabilized relations in the face of competing interests divergent preferences and arguably weak cooperation How has a group of lesser self identified Southeast Asian powers gone beyond its original regional purview to shape the form and content of Asian Pacific and East Asian regionalisms According to Alice Ba the answers lie in ASEAN s founding arguments arguments that were premised on an assumed regional

disunity She demonstrates how these arguments draw critical causal connections that make Southeast Asian regionalism a necessary response to problems give rise to its defining informality and consensus seeking process and also constrain ASEAN s regionalism Tracing debates about ASEAN s intra and extra regional relations over four decades she argues for a process driven view of cooperation sheds light on intervening processes of argument and debate and highlights interacting material ideational and social forces in the construction of regions and regionalisms India and ASEAN in the 21st Century Sanjay Ambatkar,2002 This Volume Deals Specially With Many Major Issues Involved In India Asean Economic Relations Trade Foreign Investment Afta Challenge To Asean East Asian Financial Crises Process Of Liberalization In India And Growing Presence Of China In Southeast Asia Region The Issues Have Been Selected In View Of Their Two Way Applicability In Economic Interaction These Are Particularly Relevant In The Context Of Pursuit Of India S Look East Policy And Sine Qua Non Position Of Asean Init It Attempts To Methodologically Show That Both India And Asean Can Explore New Areas Of Mutual Cooperation Primarily To Strengthen Their Domestic Economies And Their Position In Asia And World As Well This Book Will Be Of Particular Interest To Students Of International Relations And To Researchers Policy Makers And To Those Interested In Asian Studies *Regionalism in East Asia* Fu-kuo Liu,Philippe Regnier,2013-10-18 Regional cooperation and integration have emerged as key issues for East Asia following the financial crisis This book explores these issues and examines the degree to which a new paradigm is emerging It reviews the evolution of the concepts and practices of regionalism in East Asia and considers the factors which are shaping new patterns of regional co operation and integration It includes discussions of historical developments economic co operation socio political factors and defence and security It considers the role of those states including China and Japan which have distinctive approaches to international relations and assesses the role of regional international bodies such as ASEAN **Towards an ASEAN of Peace, Stability, and Sustainable Development** Duy Quý Nguyễn,2003 *Cambodia's Foreign Policy and ASEAN* Kim Hourn Kao,2002 **A New ASEAN in a New Millennium** Simon Tay,Jesus P. Estanislao,Hadi Soesastro,2000 **ASEAN's Ways** Alice Darlene Ba,2000 *Proceedings of the Fiftieth Colloquium on the Law of Outer Space* ,2008 Vietnam, Regional Integration and the Asian Financial Crisis Martin Grossheim,2001 *Regional Cooperation in South Asia and Southeast Asia* Kripa Sridharan,T. C. A. Srinivasa-Raghavan,2007 The general view about regionalism seems to be that it is better to have regionalized and faltered than never to have regionalized at all Taking this as its point of departure this study provides a comparative sketch of regionalism in South and Southeast Asia The book argues that regionalism is here to stay and both imitation and innovation are the preferred strategies for sustaining the process It points out that economic integration requires certain prior conditions to be fulfilled and does not happen merely because governments wish it to happen Politics of Modern South Asia Subrata Kumar Mitra,2009 Provides a cross referenced and easily accessible collection of the best scholarly articles in the field South Asian politics While each of the four volumes is designed to be self contained and

cohesive the volumes are linked through the general introduction cross referencing index and a bibliography of further annotated readings

India and ASEAN P. V. Rao, Ponugoti Venkateshwar Rao, 2008 India's relations with ASEAN has surpassed the original contours of the Look East policy ASEAN has been used by India as a springboard to reach out into the wider Asia Pacific region India's early diplomatic initiatives and the various steps through which she graduated to the Summit level with ASEAN are thoroughly analysed in this book Association with the ASEAN has enabled India to gain access to several regional and multilateral forums such as the ARF East Asia Summit and ASEM The interaction with ASEAN has fuelled greater dynamism to India's regional multilateralism in contrast to that by SAARC Summit status with ASEAN ASEAN Plus One has enlarged India's involvement in many sectors not just economic and political of the member countries The India ASEAN Partnership Agreement 2004 laid out a broad canvass of inter sectoral engagement between the parties The book discusses the potentialities and limitations of the cooperative areas chartered by the Partnership This book is an exercise by regional specialists in assessing the different dimensions of India ASEAN relations As Asia Pacific has become the foci of great power involvement one cannot ignore the relevance of such involvement to the India ASEAN relations Included is India's relations with the individual countries ASEAN's affiliated bodies as well as the impact on India of great power relations e.g. China Just as India's rapid engagement with ASEAN is a matter of concern to the regional powers New Delhi too would have equal reason to take cognizance of the role and relevance of other powers in ASEAN The book attempts to deviate from an economic centric treatment of the India ASEAN engagement While trade and investment no doubt had been a core objective of the Look East drive into Southeast Asia the strategic dimension was not a secondary objective Geo politics like geo economics as much was the driving force behind India's Eastern drive The bilateral and regional geo political aspects of the burgeoning Indian involvement in the Asia Pacific are debated at length India and ASEAN is a serious attempt to view the Indian engagement with ASEAN from the perspective of academia diplomats policy makers regional and country specialists The critical essays carried by this book offer valuable inputs to scholars interested in looking at India's Look East policy from either side of the Straits of Malacca

Triangle Papers, 2001

East Asia and the International System Charles Edward Morrison, 2001 This work is the culmination of three years of discussions with individuals from the Trilateral regions and other East Asian countries including China Singapore Hong Kong South Korea Philippines Indonesia and Malaysia focusing on the role East Asia plays in the international system and how that role will develop in the coming years Topics covered include security economic and political development institution building and cultural issues
