

Asia And The Pacific

Derek McDougall

Asia And The Pacific:

Asia-Pacific Issues Karen Oppenheim Mason,1994 *Asia Pacific in World Politics* Derek McDougall,2007 In this analytical introduction to Asia Pacific s dynamic role in contemporary world politics Derek McDougall focuses on the region s major state actors China Japan and the USA as well as on the conflicts involving Taiwan and Korea and the influences of Russia Australia and a range of international organisations *Asia Pacific* Michael S. Dobbs-Higginson,1994 **Asia Eyes America** Jonathan D. Pollack,2007 Contains a collection of papers produced by participants U S and regional scholars and analysts at a conference Asia Eyes America held at the Naval War College in Newport Rhode Island in May 2006 What are the implications of Asia s longer term transformation for U S interests How might change reconfigure American security requirements in the next decade and beyond On what basis does United States reaffirm yet redefine its enduring commitment to regional order This volume is a collaborative effort involving prominent specialists on both sides of the Pacific The book focuses on underlying attitudes toward American power and policy especially as viewed by strategic analysts within the region Various contributors describe contradictory attitudes toward American power Most states hope to deepen ties with the United States while avoiding comprehensive envelopment in U S strategy There is a tension between the preference for continued American regional involvement while seeking to limit possibilities of highly intrusive U S policy interventions Both considerations will continue to shape regional attitudes toward American power especially U S military power Publisher s description **International Relations Theory and the Asia-Pacific** G. John Ikenberry,Michael Mastanduno,2003 Looking at approaches to understanding the interactions among three critical players China Japan and the United States the authors of this text show that understanding the effects of cultural divides between Asian and American policymakers is crucial to building effective policies in the future *Asia-Pacific in the New World Order* Christopher Brook,Anthony McGrew,2013-11-05 *Asia Pacific in the New World Order* critically explores the notion that a distinctive regional power bloc is developing linking countries bordering the Pacific with East Asia at its core This student friendly volume sheds light on the complex interplay between global regional and national forces which have transformed the Asia Pacific area into one of the most vibrant and economically successful regions in the world Historical narratives alongside geopolitical and geoeconomic perspectives are deployed to examine the shifting pattern of power relations and security structures across the region set within a wider world context Key issues addressed include what are the primary security problems of the region and how are they being resolved does the dynamic growth of the region and particularly the rise of China pose a challenge to existing structures of world order The text has a strong interdisciplinary flavour drawing on analytical approaches from the international relations political economy and political geography literature Authors have been drawn from the Asia Pacific region and the UK and all are established scholars in their specialist fields **The United States in the Asia-Pacific since 1945** Roger Buckley,2002-05-20 In a fast moving and incisive narrative Roger Buckley examines America s close and

continuous relationship with the Asia Pacific region from the end of the Pacific War to the first days of the Presidency of George W Bush The author traces the responses of the United States government to the major crises in the area through the Cold War decades and the initial post Cold War years He demonstrates how the US sought to maintain its dominant regional position through a series of security alliances and its own political military and economic strengths Professor Buckley examines the subject from geopolitical perspectives to provide a gateway to the understanding of a complex region certain to be of global importance in the twenty first century Asia Pacific Countries and the US Rebalancing Strategy David W.F. Huang,2016-06-29 This book examines the success of the US rebalancing or pivot strategy towards Asia placing the US pivot in a historical context while highlighting its policy content and management dilemmas Further the contributors discuss the challenges and opportunities that each regional state confronts in responding to the US rebalancing strategy In 2011 President Barack Obama laid out the framework for a strategic pivot of US policy towards the Asia Pacific region Writers in this volume focus specifically on Asian perception of the strategy Among the topics they explore are China s desire to be seen as equal to the US while maintaining foreign policy initiatives independent of the US strategic rebalance the strengthening of Japan s alliance with the US through its security policies the use of US China competition by South Korea to negotiate its influence in the region and Australia s embrace of the strategy as a result of foreign direct investment that provides economic benefits to the country Enduring Rivalries in the Asia-Pacific Steve Chan,2013-08-22 Enduring rivalries recurrently ensnare states in militarized disputes and wars Are they poised to intensify in the Asia Pacific a region characterized by regime and cultural differences territorial contests and competing nationalist and regime claims It is often argued that these conditions and recent power shifts are likely to lead to conflict escalation and contagion especially in Sino American relations Steve Chan s book challenges this common view and argues instead that Asia Pacific rivalries are likely to be held in abeyance He suggests that the majority of leaders in the region wish to base their political legitimacy on their economic performance rather than popular mobilization against foreign enemies Economic interdependence and political multilateralism have restrained and in some cases reversed rivalries Although Asia Pacific states will continue to quarrel Chan argues that their relations are more stable today than at any other time since 1945 **Asia in the Pacific Islands** R. G. Crocombe,2007 A spectacular transition is under way in the Pacific Islands as a result of which all our lives will be radically different In the last fifty years or so Asia has begun to play a bigger and bigger role in all aspects of Islands life migration trade and investment aid and development information and media religion culture and sport It is replacing the West The process is irreversible With his trademark breadth and depth of knowledge and understanding of the region based on over half a century of experience study and deliberation Ron Crocombe documents the early connections between Asia and the Pacific details recent and continuing changes and poses challenging theories about the future Publisher **Great Powers and the Asia-Pacific** Kashi Prasad Misra,1991 Culture and Society in the Asia-Pacific Richard A.

Maidment, Colin Mackerras, 1998 This text examines the crucial social and cultural factors associated with the rise of the Asia Pacific at the end of the 20th century *Pacific Cooperation* John Ravenhill, Vinod Aggarwal, Paul M Evans, Pauline Kerr, 2019-06-20 Long divided by cultural economic and political differences the Asia Pacific region has little history of multilateral cooperation Alliances that once linked individual countries with one or the other superpower fostered deep mistrust among neighbouring states The end of the Cold War however has created new opportunities for multilateral cooperation

Economic and Social Survey of Asia and the Pacific United Nations. Economic and Social Commission for Asia and the Pacific, 2015 Digital Review of Asia Pacific 2009-2010 Shahid Akhtar, 2009-06-03 The biennial Digital Review of Asia Pacific is a comprehensive guide to the state of practice and trends in information and communication technologies for development ICTD in the Asia Pacific region This fourth edition 2009 2010 features 30 economies and four sub regional groupings The chapters provide updated information on ICT infrastructure industries content and services key programs enabling policies and regulation education and capacity building open source and research and development initiatives as well as ICTD challenges in each of the economies covered The common framework that underpins these reports allows readers to undertake a comparative analysis and assess progress across Asia Pacific In addition regional overviews provide a synthesis of ICTD trends regulatory issues and lessons for managing innovation in the network economy The thematic chapters focus on issues in ICT in education a key area in ICTD The authors are drawn from government academe industry and civil society providing a broad perspective on the use of ICTs for human development

Public Relations in Asia Pacific Mary M. Devereux, Anne Peirson-Smith, 2011-12-08 Public Relations in Asia Pacific reflects the growing professionalism in the practice of public relations in the world's fastest expanding economy It is a carefully drawn road map both strategically and tactically for all manner of entities for profit and not for profit on how to establish and maintain effective relationships with their numerous stakeholders Particularly insightful are the many examples of public relations in action within the Asia Pacific region It is a must read for those interested in public relations careers and those new to the profession and it is a first rate refresher for the established professional Harold Burson Founding Chairman Burson Marsteller Worldwide Mary Devereux and Anne Peirson Smith have combined their considerable talents and experience to produce a bible of how public relations is and should be practiced in the Asia Pacific One of its many virtues is that it debunks the myth that PR is just one long lunch hosted by caricature Svengalis and Spin Doctors Rather it sets the profession in a cultural context that will be valuable to those starting at PR 101 professionals and corporate executives who want to know how truth can be well told with all due credit to McCann Erickson Kerry McGlynn Special Adviser Corporate Communication Department Cathay Pacific Airways As greater social pluralism stakeholder influence and internet driven consumer sophistication and empowerment grow relentlessly across nearly all Asian societies Public Relations in Asia Pacific is a timely guide to the critical role of good public relations Clear helpful and with a wealth of good examples of how best

practice PR in action can make real and tangible contributions to governments businesses NGOs as well as to ordinary people this is essential reading for anyone concerned with how to communicate well in the world s fastest growing economic region Tim Sutton Chairman Asia Pacific Weber Shandwick In an increasingly globalized world public relations practices and strategies become critical for organizations to communicate effectively to their diverse audiences worldwide This book is therefore an extremely timely and relevant contribution to PR students and practitioners in the Asia Pacific region as it provides not only a comprehensive overview of the essential concepts and skills of public relations but also specific case studies which illustrate tactical uses of public relations across a wide range of issues and countries In my opinion this book fills a major gap in the understanding of public relations concepts and practices and will constitute a fundamental resource for all those who aspire to excel within the field Dr Indrajit Banerjee Secretary General Asian Media Information and Communication Centre AMIC

Regionalism in the New Asia-Pacific Order Joseph A. Camilleri,2003-01-01 Regionalism in the Asia Pacific is a complex and rapidly evolving phenomenon This volume explores the relationship between globalization and regionalization between states markets and civil society and between US hegemony and Asian aspirations

The Politics of the Asia-Pacific Mark S. Williams,2021-12-17 The Asia Pacific region is characterized not only by unprecedented economic growth but also as being one of the last bastions of authoritarianism As such deep political tensions persist in the region and many questions remain surrounding the uncertainty of the Asia Pacific s geopolitical future In The Politics of the Asia Pacific senior scholars former diplomats and emerging voices introduce readers to the complexities of the colonial history economics democratization authoritarianism governance and security within the region Written by a diverse group of contributors with unique expertise in the region the book includes immersive active learning sequences in the form of classroom simulations including a Model United Nations emergency session involving North Korea an ASEAN Summit and a women s movement conference These exciting simulations are grounded in real world descriptions of the politics of the region and encourage students to learn through role playing research public speaking and diplomatic negotiations with peers Exploring the region s rapid economic growth and the great deal of politics that remain unsettled The Politics of the Asia Pacific shows why an education in global politics for the twenty first century is incomplete without a consideration of this dynamic region

The International Politics of the Asia-Pacific Michael B. Yahuda,2004 Michael Yahuda s extremely successful textbook introduces students to the International Politics of the Asia Pacific region since 1945

The Asia-Pacific Airline Industry Sumner J. La Croix,David Jonathan Wolff,1995 Includes The Ascent of Asian Airlines losses cost cutting entry expansion Bilateral Relations 5th freedom rights 5th freedom rights the future of bilateral agreements in Asia Moving Beyond the Bilateral Regime U S Asia Pacific Economic Cooperation APEC from restricted bilateral to open skies arrangement Asia Pacific aviation the WTO Photos
