## **Children Of Working Parents Experiences And Outcomes:**

*Children of Working Parents* Cheryl D. Hayes, Sheila B. Kamerman, National Research Council (U.S.). Panel on Work, Family, and Community, 1983 Abstract A series of papers discusses the effects of parental employment mother father or both on children The 7 papers discuss peer relationships in children of working parents work status television exposure and educational outcomes changing patterns of parental employment and the family school relationship family work patterns and community resources the effects of mothers employment on adolescent and early adult outcomes of young men and women and conclusions and recommendations plus an appendix The editors conclude maternal employment doesn't have a standard or certain effect on children rather the way that a family adapts to the mother working is the most significant factor Children's experiences don't appear to be vastly different simply because a mother does or doesn't work Income race family structure individual children's personalities and family support systems are more influential than the isolated factors of a mother's working or not working The editors recommend the development of daily living experiences which promote the child's well being kbc

**Handbook of Parenting** Marc H Bornstein, 1995 *Mothers And Daughters* Dr. KALPNA, 2024-07-19 This book is based on research on the relationship between mothers and daughters at the most vulnerable time of their lives When the daughter is a teenager she tends to become more of a friend than a daughter to her mother Mothers who have daughters in teenage invariably find a ready helper and consultant in a daughter who is rapidly changing right before her into a young woman who is savvy smart technically advanced and probably knows more than the mother in various fields Apart from this both the mother and the daughter find a deep psychological and social connection which is not readily possible with a son A daughter is a mother's gender partner her closest ally in the family confederacy an extension of herself Mothers are daughter's role model their biological and emotional roadmap the arbiter of all their relationships The book aims to help both mothers and daughters to create a better balance and understanding between themselves and nurture this unique relationship I take this opportunity to thank the All mighty in making me capable to complete this endeavour This book would not have been possible without the encouragement and inspiration from Dr Kamini Jain She has been my mentor guide teacher and an invaluable friend through the last so many years I take this opportunity to thank my parents siblings my husband and my son who have been my support system through this journey of life Without them this feat would have been impossible This book has been researched with utmost care but there are bound to be mistakes and some lacunas The suggestion of the readers are welcome so that more improvements can be undertaken I am thankful to my publishers for their promptness in publishing the book
