YOUNG PEOPLE'S WORLD

The moon is much smaller than the stars and sun. It is much smaller than earth.

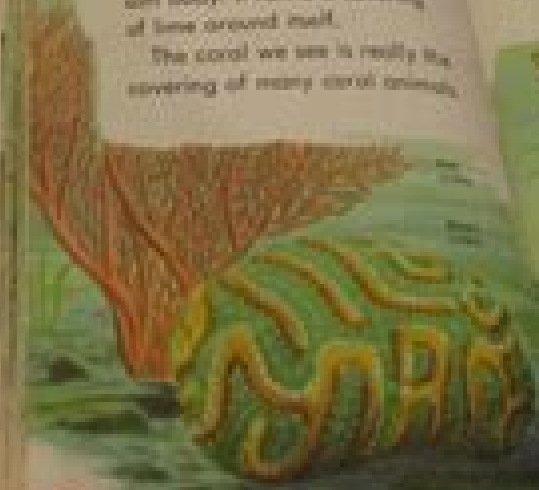

When you look at the sky at night, something plays a trick on you. The moon looks bigger than the stars.

Sometimes Daddy has ducks and geese and turkeys.

A little coral animal has a very soft body. It forms a covering of lime around itself. The coral we see is really the covering of many coral animals.

There are many kinds of coral.

People sometimes drink goats' milk, too. Daddy Tom has lots of chickens. Chickens have no teeth. They eat little stones to help grind up their food. Most of the year, Daddy Tom's hens lay one egg a day.

[Los Libros Bilingües para Niños en Inglés y en Español](#) Doris Cruger Dale, 2011-12-20 To fill the needs of a growing Hispanic market, there has been a dramatic increase in the number of bilingual books being published in recent years. But they have been appearing for many years. This bibliography lists more than 400 children's titles, mostly picture books with alphabet and counting books, also included that feature text in both Spanish and English in the same volume. Annotations to the entries provide a summary of each book's contents along with information on awards the book has received and a list of reviews gathered from Children's Book Review Index. This bilingual edition includes introduction, table of contents, and subject indexing in both English and Spanish. En los últimos años, los editores estadounidenses han tratado de ponerse al día en lo que respecta al mercado de publicaciones en español en auge constante. Y lo han hecho básicamente incrementando el lanzamiento de libros bilingües para niños. Cabe matizar sin embargo que este tipo de publicaciones ha sido una práctica vigente desde hace años. El presente compendio bibliográfico incluye más de 400 títulos bilingües para niños, la mayoría de ellos libros de ilustraciones, además de publicaciones relativas a las letras del alfabeto y el aprendizaje de los números. Las notas que se incluyen en esta obra resumen los contenidos de cada libro, junto a reseñas y premios relativos a los mismos.
