Raising Respectful Children in a Disrespectful World Jill Rigby,2006-08-01 Author and speaker Jill Rigby maintains that our society has substituted self esteem for self respect and in the process we ve lost our manners In this inspirational and practical book she tells parents how to instill character and purpose in their children without erecting walls of rebellion In an effort to raise children with a healthy view of themselves parents have focused on self esteem rather than self respect And author Jill Rigby says there s a big difference It s the difference between self centered and others centered children the difference between performance driven and purpose focused teenagers This book also examines three different styles of parenting parent centered child centered and character centered Parent centered parents are more concerned with their own agenda than their child s best interest Child centered parents are more concerned with their child s approval than their child s well being Character centered parents are more concerned with their child s character than their child s comfort A chapter on the School of Respect gives guidance for tots to teens and what the goal for each age group is and what training is necessary to reach that goal This chapter also includes thirty six ways to cultivate a house of respect Drawing a distinction between performance and purpose this book maintains that rather than asking what you want your child to do you ask what you want your child to become In delineating the difference between being a coach to your child vs being a cheerleader the author teaches parents the difference in offering false and genuine praise and applauding mediocrity vs engendering excellence With wisdom and insight Jill Rigby shares age appropriate ways to set boundaries with children without building walls of separation Finally she calls for parents to discipline teach their children rather than punish them
