Chinese Black Chamber The An Adventure In Espionage:

The Chinese Black Chamber an Adventure in Espionage Herbert O Yardley, 2016-10-09 This is an amazing account of nearly forgotten episodes in American history which led to the breaking of the Japanese Codes that were instrumental in the ultimate US victory during World War II This book was obviously written in 1942 well before Herbert Yardley's death in 1958 It is probable that the publication of this book *The Chinese Black Chamber* did not take place until 1983 for fear or because of what had happened to Yardley's previous works Herbert O Yardley is one of the legendary figures in the history of espionage He founded and directed the famous American Black Chamber in World War I In 1938 Chiang Kai shek fighting his desperate retreating war against the Japanese sent a message to Yardley to come to Chungking to set up a Chinese version of the signals intelligence operation that Yardley had headed in Paris and New York Yardley accepted Until June 1940 he worked in the remote bomb torn capital of Chungking This book is the account of his intelligence exploits and a vivid description of a strange mixed society under fire a world where nobody was exactly what he or she pretended to be European traders generals mistresses Japanese spies journalists politicians and many other types peopled the city where Chiang Kai shek ruled □□□□ Herbert Osborn Yardley, 1983 *The Chinese Black Chamber* Herbert Osborn Yardley, 1984

particular challenged the authority and legitimacy of the Chinese nationalist government he illustrates how the failure of the Nationalist Government under Chiang Kai shek to control these operations contributed to its demise following World War II This provocative work unveils like never before the extraordinary intrigue command and operational manipulations international espionage and politics surrounding military and intelligence operations in wartime China among the allies It covers such topics as foreign military aid programs to China the Chinese secret police s massive joint intelligence organization with the U S Navy special intelligence initiatives conducted by the British Free French and Americans secret British and American dealings with the Chinese Communists America s first covert overseas military operation the Flying Tigers and Soviet and American military personnel in the China theater The author points to the remarkable political and military ramifications that these operations had in China including the inadvertent creation of conditions that allowed the rise of Communist China With its implications on the world scene today such an important new perspective of China during its war against Japan will appeal to a general audience as well as to students of World War II and specialists in the military and intelligence communities

A Time for War Robert Smith Thompson,1991 Thoroughly engrossing and controversial this important new work challenges the belief that America decalred ware only because of Japan s attack on Pearl Harbor This swift moving painstakingly researched narrative argues that the Roosevelt administration neither isolationist nor neutral actually forced Japan into war
