Selected Poems Michael Hofmann, 2008 A new selection of poems by Michael Hofmann that is a retrospective on a glittering poetic career **Michael Hofmann** André Naffis-Sahely, 2025-03-26 For more than four decades Michael

Hofmann has made significant contributions to the literary cultures of Germany the United Kingdom and the United States ranging from his original poetry to translations of Kafka Brecht Hans Fallada and Joseph Roth among others In the first book length study of this iconic figure poet and translator Andr Naffis Sahely surveys Hofmann s life and work with an emphasis on his poetry situating him within the New Generation of writers including Carol Ann Duffy Simon Armitage and Don Paterson who rose to prominence in Britain between the mid 1980s and the early 1990s Reaffirming Hofmann s central place in contemporary literature Naffis Sahely presents the author s oeuvre as an extended passport application as the poet s unusually peripatetic nature emerges as a poetic means of questioning various modes of authority Naffis Sahely examines Hofmann s chief literary influences revealing that while he was heavily inspired by the example of Robert Lowell s confessional model his work was equally shaped by other poetic mentors including Ian Hamilton and Hugo Williams In turn Hofmann s five published volumes of poetry from his debut *Nights in the Iron Hotel* to his latest collection *One Lark One Horse* published after a silence of two decades chronicle the poet s sentimental and intellectual education from adolescence to middle age as well as the traumatic emotional experiences that arose from his relationship with his father the German novelist Gert Hofmann whom the poet portrayed to shocking effect in his breakthrough second collection *Acrimony* Naffis Sahely concludes his study with an analysis of the influence Hofmann has exerted on other poets testifying to the value and importance of his work in the contemporary British tradition followed by an extensive interview reflecting on his career

Likenesses Matthew Reynolds, 2017-07-05 Translation illustration and interpretation have at least two things in common They all begin when sense is made in the act of reading that is where illustrative images and explanatory words begin to form And they all ask to be understood in relation to the works from which they have arisen reading them is a matter of reading readings *Likenesses* explores this palimpsestic realm with examples from Dante to the contemporary sculptor Rachel Whiteread The complexities that emerge are different from Empsonian ambiguity or de Man s unknowable infinity of signification here meaning dawns and fades as the hologrammic text is filled out and flattened by successive encounters Since all literature and art is palimpsestic to some degree Reynolds proposes this style of interpretation can become a tactic for criticism in general Critics need both to indulge and to distrust the metamorphic power of their interpreting imaginations *Likenesses* follows on from the argument of Reynolds s *The Poetry of Translation* 2011 extending it through other translations and beyond them into a wide range of layered texts Browning emerges as a key figure because his poems laminate languages places times and modes of utterance with such compelling energy There are also substantial innovative accounts of Dryden Stubbs Goya Turner Tennyson Ungaretti and many more **PEN America 14: The Good Books**,

Descartes' Devil Durs Grünbein, 2010 Literary Nonfiction Philosophy Translated from the German by Anthea Bell In three beautifully wrought meditations on the import of Ren Descartes legacy from a poet s perspective Durs Grünbein presents us with a Descartes whom we haven t met before not the notorious perpetrator of the mind body dualism the arch

villain of Rationalism but the inspired and courageous dreamer explorer and fabulist Reading Descartes against the grain of the widely accepted view of the philosopher as the proponent of a cut and dried disembodied and hence misguided view of humanity Grunbein discloses the profoundly humane and poetic underpinnings of the legacy of this modern man par excellence and by extension of modernity as a whole Uncovering the poetic foundations of Descartes rationalism and concomitantly the poetic lining of the mantle of reason Durs Grunbein one of the world's greatest living poets and essayists shows us that reason is never more alive than when it is most poetic *Nights in the Iron Hotel* Michael Hofmann,2016-01-21 A Poetry Book Society recommendation at last in Faber's poetry series look **Modern Poetry in Translation** ,2006 *The New Yorker* ,2005 **The Writers Directory** ,2013 After-images David Constantine,Helen Constantine,2006 Features writing that is in one sense or another a reflection or lingering effect of poets and artists who have gone before *American Book Publishing Record* ,2003 *Southern Humanities Review* ,2006 **Brick** ,2006 **The Publishers Weekly** ,1930 The New York Times Index ,2005 **Australian Book Review** ,2006 **British and Irish Poets** William Stewart,2007-08-02 This reference book contains information on poets from England Scotland Wales and Ireland The featured poets are representative of periods from the Old English era to the Post Modern age Each entry is comprised of a biography a sample of the poet's publications a list of his or her best known poems and sources for further information Provided by publisher
