Badali, Michael Freeman**

## **Children's Rights Equal Rights:**

*Equal Rights for Children* Howard Cohen, 1980      *Children's Rights Law in the Global Human Rights Landscape* Eva Brems, Ellen Desmet, Wouter Vandenhoele, 2017-04-21 Children's rights law is often studied and perceived in isolation from the broader field of human rights law. This volume explores the inter-relationship between children's rights law and more general human rights law in order to see whether elements from each could successfully inform the other. Children's rights law has a number of distinctive characteristics such as the emphasis on the best interests of the child, the use of general principles and the inclusion of third parties e.g. parents and other care takers in treaty provisions. The first part of this book questions whether these features could be a source of inspiration for general human rights law. In part two the reverse question is asked: could children's rights law draw inspiration from developments in other branches of human rights law that focus on other specific categories of rights holders such as women, persons with disabilities, indigenous peoples or older persons. Finally, the interaction between children's rights law and human rights law and the potential for their isolation, inspiration or integration may be coloured or determined by the thematic issue under consideration. Therefore, the third part of the book studies the interplay between children's rights law and human rights law in the context of specific topics: intra-family relations, LGBTIQ marginalization, migration, media, the environment and transnational human rights obligations.

Children's Rights?, 2000-01-01 Part I A child's right to an equal world      **Children's Rights: Progress and Perspectives** Michael D. A. Freeman, Michael Freeman, 2011-10-28 The *International Journal of Children's Rights* has been a major player in all this. Its impact is worldwide. It has established itself as the leading journal in the field. The journal is now in its 19th year and is flourishing. This volume has been compiled not only to commemorate the journal's work but also the 20th anniversary of the Convention coming into operation and of the first World Summit on Children. An anthology of the best articles published in these formative years, this volume offers a representative sample of what the journal has achieved. Some of the articles are ones which are frequently cited, whilst others are less well known, some deal with theory, others with practice. The case for children's rights is to be found throughout this collection as is the history of children's rights.      **The Roles of Independent Children's Rights Institutions in Advancing Human Rights of Children** Agnes Lux, Brian Gran, 2022-05-09 The contributors to this edited collection provide first-hand experiences in directing, working for and studying ICRI and detail their unique in-depth accounts of factors shaping ICRI's efforts to monitor and advance children's rights.      **Handbook of Children's Rights** Martin D. Ruck, Michele Peterson-Badali, Michael Freeman, 2016-12-08 While the notion of young people as individuals worthy or capable of having rights is of relatively recent origin, over the past several decades there has been a substantial increase in both social and political commitment to children's rights as well as a tendency to grant young people some of the rights that were typically accorded only to adults. In addition, there has been a noticeable shift in orientation from a focus on children's protection and provision to an emphasis on children's participation.

and self determination With contributions from a wide range of international scholars the Handbook of Children s Rights brings together research theory and practice from diverse perspectives on children s rights This volume constitutes a comprehensive treatment of critical perspectives concerning children s rights in their various forms Its contributions address some of the major scholarly tensions and policy debates comprising the current discourse on children s rights including the best interests of the child evolving capacities of the child states rights versus children s rights rights of children versus parental or family rights children as citizens children s rights versus children s responsibilities and balancing protection and participation In addition to its multidisciplinary focus the handbook includes perspectives from social science domains in which children s rights scholarship has evolved largely independently due to distinct and seemingly competing assumptions and disciplinary approaches e g childhood studies developmental psychology sociology of childhood anthropology and political science The handbook also brings together diverse methodological approaches to the study of children s rights including both quantitative and qualitative perspectives and policy analysis This comprehensive cosmopolitan and timely volume serves as an important reference for both scholarly and policy driven interest in the voices and perspectives of children and youth

Children's Rights from Below M. Liebel, 2012-01-25 This book presents an integral cross cultural reflection on the social reality of children s rights and citizenship giving an insight into new perspectives on the history and different concepts of children s rights in a contextualized and localized manner

**Children Rights and Wellbeing in India** Joseph A Gathia, Sanjay V. Gathia, 2015-01-01 India has emerged as one of the fastest growing markets in the world But what does it mean to its children Of total estimated population in 2014 as 1 236 million nearly 28 5 % are below age of 14 years Despite such a huge child population in India the issues that affect their lives and even survival tend to receive remarkably little attention This study Children s Rights and Well being in India Law Policy and Practice Volume I II and III is one among the few to address this theme on such a wide canvas that spans both time frame and issues There has been a growing interest over the past decade in the concept of child s rights among policy makers practioners and academics in both India and internationally But does it mean the same thing to children and families as it does to policy makers How can it be measured And if it has begun to impact on government policy has it made any difference to children s lives The three volume study Children s Rights and Well being in India provide an overview of key child development policies programmes laws trends and raises pertinence questions about their potential impact on children s rights The challenges of improving children s well being go beyond the provision of more effective public services important though these are The bigger questions are how can we create a society in which children are better valued and parents better supported in bringing up their children And what can be done to reduce inequalities which influence every aspect of children s well being This book makes use of a variety of sources of data including that of Govt of India the World Bank and UN agencies particularly the UNICEF and the ILO All the three volumes of Children s Rights and Well being in India are an essential text for all those who want to

understand the crisis threatening our children's future

### **Children's Rights to Participate in Out-of-Home Care**

Claudia Equit, Jade Purtell, 2022-11-30 For centuries residential child and youth care systems worldwide have provided homes for vulnerable children and adolescents. The implementation of children's rights, especially the right of participation, is assessed as an important base for promoting the best interests of the child in an out-of-home care environment. Featuring contributions from distinguished international authors, this volume offers an in-depth understanding of crucial participation processes and underlying power structures when involving young people in decision-making about their care and everyday life in different out-of-home care institutions. Contributions cover a broad spectrum of current research findings concerning the participation of young people in foster families and residential living groups in Australia, Canada, Germany, Ireland, Italy, Portugal, Norway, Sweden, and Switzerland, as well as a cross-national perspective on children and young people's participation in foster and residential care placements in Great Britain and France. The volume fills major gaps concerning the participation of young people in different out-of-home care and policy settings and will be required reading for policymakers, researchers, practitioners, scholars, and students interested in increasing opportunities for young people's participation and creating better out-of-home care settings for vulnerable young people.

### **The Human Rights of Children**

Antonella Invernizzi, 2016-02-24 This volume provides a series of critical analyses of some of the contemporary debates in relation to the human rights of children, resituating them within visions which informed the text of the United Nations Convention on the Rights of the Child in 1989. The studies embrace examination of some of today's widespread interpretations of the CRC, analysis of what is implied by a human rights-based approach in research and advocacy, and consideration of advances and barriers to research and to several aspects of CRC implementation. With contributions by leading experts in the field, the book examines the CRC as an international instrument, its inherent dilemmas, and some of the debates generated by the challenges of implementation. It embraces examinations of different levels of governance, from the international to the state, party, regional, and local levels, including institutional developments and changes in law, policy, and practice. The book will be a valuable resource for students, researchers, and policy makers working in the area of children's rights and welfare.

*Children's Rights* Wouter Vandenhoele, Gamze Erdem Trkelli, Sara Lembrechts, 2024-11-08 This thoroughly updated second edition presents a comprehensive legal perspective on the inherently interdisciplinary field of children's rights. Chapters provide an article-by-article analysis of the Convention on the Rights of the Child, including its Optional Protocols, as well as contextualised advice on the interpretation and implementation of its provisions.

**Children's Rights and the Developing Law** Jane Fortin, 2003-04 This text considers the developing law in England and Wales as it applies to the burgeoning and confusing subject of the rights of children. It examines the extent to which the emerging legal principles can be harnessed to fulfil those rights.

*Children's rights, Eastern enlargement and the EU human rights regime* Ingi Iusmen, 2015-11-01 This book critically examines how and why Eastern enlargement has impacted on EU human rights policy.

By drawing on the EU's intervention in human rights provision in Romania before 2007 it is demonstrated that the feedback effects of this intervention have led to the emergence of an EU child rights policy. Eastern enlargement has also raised the profile of Roma protection, international adoptions and mental health at the EU level. The impact of these developments has been further reinforced by the constitutional and legal provisions included in the Lisbon Treaty. It is argued that Eastern enlargement has led to the emergence of a more robust and well defined EU human rights regime in terms of its scope and institutional clout. This book makes a substantial contribution to the scholarship on EU enlargement, Europeanisation and EU human rights policy by providing empirical evidence for the emergence and persistence of EU institutional and policy structures upholding human rights.

*Child Rights and International Discrimination Law* Marit Skivenes, Karl Søvig, 2019-02-22

Societies and states are at a crossroad in how children are treated and how their rights are respected and protected. Children's new position and their strong rights create tensions and challenge the traditional relationships between family and the state. The United Nations Convention on the Rights of the Child was adopted unanimously by the General Assembly of the United Nations in 1989 and came into force in 1990. Article 2 places states under an obligation to accord primacy to the best interests of the child in all actions concerning children and to ensure and regulate child protection. This book offers a comparative and critical analysis of the implementation of Article 2 of the United Nations Convention on the Rights of the Child. In order to examine how Article 2 is being implemented it is essential to have a sound understanding of the obligations it imposes. The opening chapters will explore the precise content of these obligations in terms of the legislative history of the text, its underlying philosophy, its amplification by the United Nations Committee on the Rights of the Child and subsequent authoritative interpretations of it by courts around the world. The book will then drill down into the conceptual and theoretical challenges posed by the very nature of the obligations and will offer in depth exploration of the long running rights v welfare debate that has always presented something of a challenge in giving effect to children's rights. Contributors are leading academics in the children's rights field drawn from a wide range of countries and jurisdictions worldwide including those with common law, civilian and mixed traditions. Disciplines represented in the book include law, psychology, political science, childhood studies, social work and anthropology. By drawing together the various facets of Article 2 and analysing it from a range of perspectives, the volume provides a coherent and comprehensive inter-disciplinary analysis on discrimination and the rights of the child.

**The Oxford Handbook of Children's Rights Law** Jonathan Todres, Shani M. King, 2020-02-19

Children's rights law is a relatively young but rapidly developing discipline. The U N Convention on the Rights of the Child, the field's core legal instrument, is the most widely ratified human rights treaty in history. Yet like children themselves, children's rights are often relegated to the margins in mainstream legal, political and other discourses despite their application to approximately one third of the world's population and every human being's first stages of life. Now thirty years old, the Convention on the Rights of the Child (CRC) signalled a definitive shift in the way that children are viewed and

understood from passive objects subsumed within the family to full human beings with a distinct set of rights Although the CRC and other children s rights law have spurred positive changes in law policies and attitudes toward children in numerous countries implementation remains a work in progress We have reached a state in the evolution of children s rights in which we need more critical evaluation and assessment of the CRC and the large body of children s rights law and policy that this treaty has inspired We have moved from conceptualizing and adopting legislation to focusing on implementation and making the content of children s rights meaningful in the lives of all children This book provides a critical evaluation and assessment of children s rights law including the CRC With contributions from leading scholars and practitioners from around the world it aims to elucidate the content of children s rights law explore the complexities of implementation and identify critical challenges and opportunities for children s rights law

### **Children's Human Rights in the USA** Yvonne

Vissing,2023-07-19 This book critically examines why a human rights framework would improve the wellbeing and status of young people It explores children s rights to provision protection and participation from human rights and clinical sociological perspectives and from historical to contemporary events It discusses how different ideologies have shaped the way we view children and their place in society and how despite the rhetoric of children s protection people under 18 years of age experience more poverty violence and oppression than other group in society The book points to the fact that the USA is the only member of the United Nations not to ratify a children s human rights treaty and the impact of this decision finds US children less healthy and less safe than children in other developed countries It shows how a rights respecting framework could be created to improve the lives of our youngest citizens and the future of democracy Authored by a renowned clinical sociologist and international human rights scholar this book is of interest to researchers students social workers and policymakers working in the area of children s wellbeing and human rights

### **Children's Rights Education in Diverse Classrooms** Lee Jerome,Hugh Starkey,2021-04-08

With PISA tables accountability and performance management pulling educators in one direction and the understanding that education is a social process embedded in cultural contexts tailored to meet the needs and challenges of individuals and communities in another it is easy to end up in seeing teachers as positioned as opponents to the system Jerome and Starkey argue that the United Nations Convention on the Rights of the Child UNCRC 1989 can provide a pragmatic starting point for educators to challenge some of these unsettling trends in a way which does not set up unnecessary opposition with policy makers They review the evidence from international evaluations surveys and case studies about practice in human rights and child right education before exploring the key principles of transformative and experiential education to offer a robust theoretical framework that can guide the development of child rights education They also draw out practical implications and outline a series of teaching and learning approaches that are values informed aligned with children s rights and focused on quality learning

*Parental Child Abduction to Islamic Law Countries* Nazia Yaqub,2022-10-20 As the world becomes smaller family law is becoming truly global giving rise to more and more questions

for private international law This book looks at the sensitive and complex question of child abduction with a unique child rights perspective Taking Islamic law as its case study it delves into child abduction in key jurisdictions from Iran to Saudi Arabia and Libya to Pakistan Rigorous doctrinal analysis is enhanced by empirical insights namely interviews with abductees parents and professionals It is an excellent guide to a complicated field *Children's Rights* Ursula Kilkelly, 2017-07-05 The articles in this volume shed light on some of the major tensions in the field of children's rights such as the ways in which children's best interests and respect for their autonomy can be reconciled challenges such as how the CRC can be made a reality in the lives of children in the face of ignorance apathy or outright opposition and critiques whether children's rights are a Western imposition or a successful global consensus Along the way the writing covers a myriad of issues encompassing the opposition to the CRC in the US gay parenting Dr Seuss's take on children's autonomy the voice of neonates on their health care the role of NGO in supporting child labourers in India and young people in detention and more **The Human Rights of Children** Michael Freeman, 2022-03-16 For decades Professor Michael Freeman has without doubt been one of the world's most influential scholars in international children's rights His scholarship has been at the forefront of the field and has helped shape many of the developments within it This collection offers the reader a thought provoking snapshot of some of his most seminal essays written and or published over the past 30 years Together they highlight above all the interdisciplinary nature of the issues he discusses Legal doctrinal questions that make the case for recognising that children have rights are of course discussed But aspects of moral and political philosophy are dealt with as well in addition to among other other disciplines history theology psychology and anthropology

### **Childrens Rights Equal Rights Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Childrens Rights Equal Rights free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Childrens Rights Equal Rights free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Childrens Rights Equal Rights free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally

available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Childrens Rights Equal Rights. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Childrens Rights Equal Rights any PDF files. With these platforms, the world of PDF downloads is just a click away.

### **FAQs About Childrens Rights Equal Rights Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Childrens Rights Equal Rights is one of the best book in our library for free trial. We provide copy of Childrens Rights Equal Rights in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Childrens Rights Equal Rights. Where to download Childrens Rights Equal Rights online for free? Are you looking for Childrens Rights Equal Rights PDF? This is definitely going to save you time and cash in something you should think about.
