BY GABRIEL ARGUS

*A frightening glimpse into the near future, when bio-genetic engineering collides head-on with cutting-edge technology gone terribly awry !!*

predicted futures that erroneously presume the absolute determinability of all beings lacking the alchemical privilege definitive of life As the exemplary figure of unfounded privilege it is with Hamlet that the question of life ultimately ends replaced instead by the extremophile as the figure of unforeseen futures that simply cannot be imagined in the present To be is the potential to be otherwise that is to say to not be that which a given being is *The Child's own magazine* ,1885
