## **Chine Larchipel Oublia:**

**Legal Reforms and Deprivation of Liberty in Contemporary China** Elisa Nesossi, Sarah Biddulph, Flora Sapio, Susan Trevaskes, 2016-06-03 The volume presents an extensive investigation into the process of reforms of detention powers in today's China and offers an in-depth analysis of the debates surrounding the reformist attempts. The chapters in this collection demonstrate that legislative and institutional reforms in this area result from political opportunities, openings and tensions at the central institutional levels of political authority and contingent social and political factors. The book examines legal and institutional reforms to institutions of detention and imprisonment that have occurred since the 1990s with a particular focus on the 21st century. Its content follows three particular lines of enquiry concerning the issue of deprivation of liberty in contemporary China. The first deals with the academic and theoretical debates on the subject of imprisonment and detention. The related chapters explain the difficulties encountered in this area of research and understandings of the discourses of reform through labour in Western and Chinese scholarship. The second deals with the specific issues of criminal and administrative forms of deprivation of liberty, examining in particular the institutional and legislative dimensions, considering the relationship between reforms and criminal justice policy agendas. The third assesses the meaning of institutional reforms in the context of the changing state-society relationship in contemporary China. **Laogai Report**, 1993

**The Empire of Lies** Guy Sorman, 2010-06 The Western press these days is full of stories on China's arrival as a superpower, some even warning that the future may belong to her. Western political and business delegations stream into Beijing confident in China's economy which continues to grow rapidly. Crowning China's new status, Beijing will host the 2008 Olympic Games. But as Guy Sorman reveals in *Empire of Lies*, China's success is at least in part a mirage. True, 200 million of her subjects, those fortunate enough to be working in an expanding global market, enjoy a middle class standard of living. The remaining one billion, however, are among the poorest, most exploited people in the world. Popular discontent simmers, especially in the countryside where it often flares into violent confrontation with Communist Party authorities. In truth, China's economic miracle is rotting from within. In this extraordinary book, Sorman explains how the West has conferred greater legitimacy on China than do the Chinese themselves. He has visited the country regularly for forty years and spent most of the past three years exploring her teeming cities and remotest corners. *Empire of Lies* is the culmination of these travels and perhaps the only book on China that lets the Chinese people speak for themselves. *Historical Dictionary of the Chinese Communist Party* Lawrence R. Sullivan, 2021-12-15 Covering the years 1921 to 2021, this Dictionary reviews the major events, leaders, ideologies and policies of the Chinese Communist Party (CCP). Topics range from the accomplishments of the CCP, most notably the establishment of the People's Republic of China (PRC) in 1949 and economic growth and prosperity beginning in 1978-79, to the major disasters of the Great Leap Forward (1958-60) and the Cultural Revolution (1966-76) under the leadership of Chairman Mao Zedong. *Historical Dictionary of the Chinese Communist Party, Second Edition* contains a

chronology an introduction and an extensive bibliography The dictionary section has more than 400 cross referenced entries on key people places and institutions This book is an excellent resource for students researchers and anyone wanting to know more about the Chinese Communist Party **The Great Wall of Confinement** Philip F.
