Marabout Women in Dakar Amber B. Gemmeke, 2008 This rich ethnographic study explores the life and work of successful marabout women in Dakar It is set against the background of their private family lives of developments in Senegalese society and of global changes While including female experts in spirit possession and plant based healing it also gives a rare insight in the work of women who offer Islamic knowledge such as Arabic astrology numerology divination and prayer sessions With the analysis of marabout women s work this study sheds light on the ways in which women s authority in esoteric knowledge is negotiated legitimated and publicly recognised in Dakar The study focuses especially upon marabout women s strategies to gain their clients trust Reference to rural areas is a significant element in this process This study thus contributes to an understanding of the gendered way in which trust and scepticism are related to marabouts work and of the role of a connection between Dakar and the rural areas therein *American Tricksters* William J. Jackson, 2014-12-18

Tricksters are known by their deeds Obviously not all the examples in *American Tricksters* are full blown mythological tricksters like Coyote Raven or the Two Brothers found in Native American stories or superhuman figures like the larger than life Davy Crockett of nineteenth century tales Newer expressions of trickiness do share some qualities with the Trickster archetype seen in myths Rock stars who break taboos and get away with it heroes who overcome monstrous circumstances crafty folk who find a way to survive and thrive when the odds are against them men making spectacles of themselves by feeding their astounding appetites in public all have some trickster qualities Each person every living creature who ever faced an obstacle and needed to get around it has found the built in trickster impulse Impasses turn the trickster gene on or stimulate the trick performing imagination that s life To explore the ways and means of trickster maneuvers can alert us to pitfalls help us appreciate tricks that are entertaining and aid us in fending off ploys which drain our resources and ruin our lives Knowing more about the Trickster archetype in our psyches helps us be more self aware **Covid Compensation**

Piers, 2017-04-10 Get Inside and Conquer the World of Cons The world can be a deceptive place There are individuals out there who will do anything to gain something regardless of who they hurt or who they have to deceive Unfortunately this practice is only becoming more of the norm Scammers and con artists seem to be on the rise just waiting to take anything they can from the general public Cons are all over the news nowadays You hear about people losing all of their investments savings or retirement money due to a scam that they fell into Now you may think to yourself Those poor people But how could they not see that it was a scam It s so obvious For that particular scam that may be true However scams aren t always that easy to spot Cons have a unique set of skills that can make them very difficult to detect In fact there are always going to be different new schemes and big opportunities that pop up every day making it nearly impossible to keep track of what is legit and what is sham Then how does one defend against this art of cons Con Artistry dives head on into the world of cons so that you can safely navigate these treacherous waters without falling prey to them Pulling back behind this curtain will reveal

to you Con artist methodologies used to get close to their victims Red flags signs to watch out for to determine a con artist Actions to always have in place to avoid being scammed Defense techniques to decipher and lure potential cons out Bag of tricks that cons master employed to play their games Whistle blower steps to expose and end the con once and for all Insider look into all sorts of cons and how to protect against them And much more Con Artistry will also explore some of the famous schemes and con artists in the past Often by examining previous criminals you can become more aware of how cons operate and target people From these infamous crooks you can learn what emotions scammers will exploit and avoid becoming a victim As a fair warning with this knowledge of con artistry you promise that you will use it for protection only and not take advantage of other people
