

# Best Practices

This activity is best suited for grades K-2.

A fun variation of this game is to play 1-50-forward jumps and 51-100 = backward jumps.

Play multiple rounds and encourage students to find different partners for each round.

If you have an odd number of students, a group of 3 can take turns jumping, marking the sheet, and resting.

If you don't have pencils or dry erase markers available, you can use coins (pennies) or small poker chips like a game piece to move across the number grid.
