## **Concert Of Charisms Ordained Ministry In Religious Life:**

**A Concert of Charisms** Paul Kevin Hennessy, 1997 Essays that take various approaches to the tensions that have arisen since Vatican II concerning the original mission and charisms of a religious order and today's actual situations of living within a parish *Understanding the Religious Priesthood* Christian, OSB Raab, Brian E., SJ Daley, 2020-10-14 Most contemporary theologies of Holy Orders consider priesthood mainly in its diocesan context and most contemporary theologies of religious life do not consider how ordained ministry functions when it is internal rather than external to religious life *Understanding the Religious Priesthood* provides a history and theology of religious priesthood that contributes to our understanding of this vocation's identity and mission It uncovers what religious priesthood shares with diocesan priesthood and non ordained religious life and what makes it different from both those other vocations Christian Raab begins by tracing the history of religious priesthood from its origins in the early Church to the eve of the Second Vatican Council He demonstrates that religious priests often faced questions about how to reconcile their two callings but that they also provided answers in their theologies and spiritualities of priesthood and religious life Meanwhile they made key contributions to the Church's life and mission Raab then investigates the teachings of the Second Vatican Council on priesthood and religious life Observing that the Council presented priesthood according to a diocesan typology and presented religious life without sacerdotal associations he argues that the lack of imagery of religious priesthood contributed to a post conciliar vocational identity crisis among religious priests He then seeks to remedy this lacuna by appealing to the biblical images for religious priesthood Hans Urs von Balthasar offered in his theology of vocations Raab argues that Balthasar's imagery is a promising way forward for understanding the identity and mission of religious priesthood In a final part Raab provides a substantial theological articulation of religious priesthood which illuminates its liturgical signification ecclesial mediation and mission and ministerial identity Here he draws not only from Balthasar but also from Pope John Paul II Yves Congar Jean Marie Tillard Brian Daley and Guy Mansini to construct his profile *Religious Life and Priesthood* Maryanne Confoy, 2008 *Religious Life and Priesthood* reclaims the vision of Vatican II for contemporary priests religious and ecclesial ministers The book examines the historical context the key players and the implementation of Vatican II documents on the priesthood the training of priests and the religious life **BOOK JACKET** *The Theology of Priesthood* Donald J. Goergen, Ann Garrido, 2017-02-28 By engaging in conversation with those whose experience perspectives and theological traditions vary from their own the contributors to *The Theology of Priesthood* explore in detail the fundamental questions being asked about the ordained priesthood today Priests deacons and students of theology will find these articles an engaging means to understanding Church ministry and priesthood more deeply *The Theology of Priesthood* includes ten essays that explore facets of ordained ministry and the ministerial priesthood Paul Philibert OP begins with an overview of issues involved in the contemporary discussion on priesthood within the Roman Catholic tradition Frank Quinn OP addresses the significance of

language as it pertains to priesthood and ministry and how language is manifested in rites of ordination Thomas O Meara OP situates the discussion on priesthood within the context of an expansion of ministry in the Church since Vatican II and the implications of this expansion for ministry in the future Stephen DeLeers articulates a theology of priesthood grounded in Vatican II and post Vatican II documents which focuses on the primacy of preaching Thomas Rausch SJ then takes up the issue of diversity within ministerial priesthood as he reflects on priesthood within the context of apostolic religious life Jack Risley OP returns to the question of the relationship between ordained ministry and lay ministry The final three articles reflect on ordained ministry from distinctive perspectives Benedict Ashley OP takes the Letter to the Hebrews as his starting point Paul Wesche looks at priesthood through the lens of an Eastern Orthodox priest Donald Goergen OP asks what insights African theology specifically African Christology might offer a contemporary Catholic theology of priesthood Paul Philibert OP provides a concluding reflection Donald J Goergen OP is a preacher teacher lecturer author and theologian who taught systematic theology for many years He was also previously the provincial for the Dominican friars of the Central Province He is the editor of A Theology of Jesus series and Being a Priest Today published by Liturgical Press
