Confederates Against The Confederacy:

Confederates against the Confederacy Jon L. Wakelyn, 2002-03-30 Far from being a monolith with unanimous leadership loyalty to the cause of a separate nation the Confederacy was in reality deeply divided over how to achieve independence Many supposedly loyal leaders civilian as well as elected officials opposed governmental policies on the national and state levels and their actions ultimately influenced non support for military policies Congressional differences over arming the slaves and bureaucratic squabbles over how to conduct the war disrupted the government and Cabinet of President Jefferson Davis Rumors of such irreconcilable differences spread throughout the South contributing to an overall decline in morale and support for the war effort and causing the Confederacy to come apart from within When asked to make sacrifices civilian leaders found themselves caught in the dilemma of either aiding the Confederacy or losing money through poor utilization of slave labor To sustain profits the business and planter classes often traded with the enemy Upon consideration of arming the slaves many members of Congress proclaimed that the war effort was not worth the demise of slavery and preferred instead to take their chances with the Northern government Cultural leaders clergy newspapermen and men of letters claimed their loyalty to the war effort but often criticized government policies in public By asking for financial support and instituting a military draft the national government infuriated local patriots who wanted to defend their own states more than they desired to defeat the enemy

Confederate Reckoning Stephanie McCurry, 2012-05-07 Pulitzer Prize Finalist Winner of the Frederick Douglass Book Prize Winner of the Merle Curti Award McCurry strips the Confederacy of myth and romance to reveal its doomed essence Dedicated to the proposition that men were not created equal the Confederacy had to fight a two front war Not only against Union armies but also slaves and poor white women who rose in revolt across the South Richly detailed and lucidly told Confederate Reckoning is a fresh bold take on the Civil War that every student of the conflict should read Tony Horwitz author of Confederates in the Attic McCurry challenges us to expand our definition of politics to encompass not simply government but the entire public sphere The struggle for Southern independence she shows opened the door for the mobilization of two groups previously outside the political nation white women of the nonslaveholding class and slaves Confederate Reckoning offers a powerful new paradigm for understanding events on the Confederate home front Eric Foner The Nation Perhaps the highest praise one can offer McCurry s work is to say that once we look through her eyes it will become almost impossible to believe that we ever saw or thought otherwise At the outset of the book McCurry insists that she is not going to ask or answer the timeworn question of why the South lost the Civil War Yet in her vivid and richly textured portrait of what she calls the Confederacy s undoing she has in fact accomplished exactly that Drew Gilpin Faust New Republic A brilliant eye opening account of how Southern white women and black slaves fatally undermined the Confederacy from within Edward Bonekemper Civil War News The story of the Confederate States of America the proslavery antidemocratic nation created by white Southern slaveholders to protect their

property has been told many times in heroic and martial narratives Now however Stephanie McCurry tells a very different tale of the Confederate experience When the grandiosity of Southerners national ambitions met the harsh realities of wartime crises unintended consequences ensued Although Southern statesmen and generals had built the most powerful slave regime in the Western world they had excluded the majority of their own people white women and slaves and thereby sowed the seeds of their demise Wartime scarcity of food labor and soldiers tested the Confederate vision at every point and created domestic crises to match those found on the battlefields Women and slaves became critical political actors as they contested government enlistment and tax and welfare policies and struggled for their freedom The attempt to repress a majority of its own population backfired on the Confederate States of America as the disenfranchised demanded to be counted and considered in the great struggle over slavery emancipation democracy and nationhood That Confederate struggle played out in a highly charged international arena The political project of the Confederacy was tried by its own people and failed The government was forced to become accountable to women and slaves provoking an astounding transformation of the slaveholders state Confederate Reckoning is the startling story of this epic political battle in which women and slaves helped to decide the fate of the Confederacy and the outcome of the Civil War *Why the Confederacy Lost* James M. McPherson, 1992 Five major historians return to the battlefield to explain the South's defeat Provocatively argued and engagingly written this work rejects the notion that the Union victory was inevitable and shows the importance of the commanders strategies and victories at key moments *Bitterly Divided* David Williams, 2010-04-16 The little known history of anti secession Southerners Absolutely essential Civil War reading Booklist starred review *Bitterly Divided* reveals that the South was in fact fighting two civil wars the external one that we know so much about and an internal one about which there is scant literature and virtually no public awareness In this fascinating look at a hidden side of the South's history David Williams shows the powerful and little understood impact of the thousands of draft resisters Southern Unionists fugitive slaves and other Southerners who opposed the Confederate cause This fast paced book will be a revelation even to professional historians His astonishing story details the deep often murderous divisions in Southern society Southerners took up arms against each other engaged in massacres guerrilla warfare vigilante justice and lynchings and deserted in droves from the Confederate army Some counties and regions even seceded from the secessionists With this book the history of the Civil War will never be the same again Publishers Weekly starred review Most Southerners looked on the conflict with the North as a rich man's war and a poor man's fight especially because owners of 20 or more slaves and all planters and public officials were exempt from military service The Confederacy lost it seems because it was precisely the kind of house divided against itself that Lincoln famously said could not stand Booklist starred review **A Short History of the Confederate States of America** Jefferson Davis, Dr William Peters, 2014-08-11 This book is about the real history of America and the causes of Lincoln's War against the Confederacy President Davis delves into the forgotten history of these United States

contrasting the limited federal republic of sovereign States with what Yankee New England sought to turn these United States of 1783 into a consolidated government under their rule the United States we know today He further goes into the reasons for secession its lawfulness the foundation of the Confederate States of America and Lincoln s war of conquest against American States not only Confederate but Northern as well This is a history that should be read by every American bewildered by the Federal government running roughshod over American liberties *Why Confederates Fought* Aaron Sheehan-Dean,2009-11-05 In the first comprehensive study of the experience of Virginia soldiers and their families in the Civil War Aaron Sheehan Dean captures the inner world of the rank and file Utilizing new statistical evidence and first person narratives Sheehan Dean explores how Virginia soldiers even those who were nonslaveholders adapted their vision of the war s purpose to remain committed Confederates Sheehan Dean challenges earlier arguments that middle and lower class southerners gradually withdrew their support for the Confederacy because their class interests were not being met Instead he argues that Virginia soldiers continued to be motivated by the profound emotional connection between military service and the protection of home and family even as the war dragged on The experience of fighting explains Sheehan Dean redefined southern manhood and family relations established the basis for postwar race and class relations and transformed the shape of Virginia itself He concludes that Virginians experience of the Civil War offers important lessons about the reasons we fight wars and the ways that those reasons can change over time **Rebels against the Confederacy** Barton A. Myers,2014-10-13 In this groundbreaking study Barton A Myers analyzes the secret world of hundreds of white and black Southern Unionists as they struggled for survival in a new Confederate world resisted the imposition of Confederate military and civil authority began a diffuse underground movement to destroy the Confederacy joined the United States Army as soldiers and waged a series of violent guerrilla battles at the local level against other Southerners Myers also details the work of Confederates as they struggled to build a new nation at the local level and maintain control over manpower labor agricultural and financial resources which Southern Unionists possessed The story is not solely one of triumph over adversity but also one of persecution and ultimately erasure of these dissidents by the postwar South s Lost Cause mythologizers [The Confederate Records of the State of Georgia](#) Allen Daniel Candler,Georgia. General Assembly,1910 [Official Records of the Union and Confederate Navies on the War of the Rebellion](#) United States. Naval War Records Office,1921 [Republicanism in America](#) Rolander Guy McClellan,1870 **Jefferson Davis, Confederate President** Herman Hattaway,Richard E. Beringer,2002 Now two Civil War historians Herman Hattaway and Richard Beringer take a new and closer look at Davis s presidency In the process they provide a clearer image of his leadership and ability to handle domestic diplomatic and military matters under the most trying circumstances without the considerable industrial and population resources of the North and without the formal recognition of other nations BOOK JACKET **The Confederate States of America, 1861-1865** John Christopher Schwab,1901 *A Shattered Nation* Anne Sarah Rubin,2009-11-20 Historians often

assert that Confederate nationalism had its origins in pre Civil War sectional conflict with the North reached its apex at the start of the war and then dropped off quickly after the end of hostilities Anne Sarah Rubin argues instead that white Southerners did not actually begin to formulate a national identity until it became evident that the Confederacy was destined to fight a lengthy war against the Union She also demonstrates that an attachment to a symbolic or sentimental Confederacy existed independent of the political Confederacy and was therefore able to persist well after the collapse of the Confederate state White Southerners redefined symbols and figures of the failed state as emotional touchstones and political rallying points in the struggle to retain local and racial control even as former Confederates took the loyalty oath and applied for pardons in droves Exploring the creation maintenance and transformation of Confederate identity during the tumultuous years of the Civil War and Reconstruction Rubin sheds new light on the ways in which Confederates felt connected to their national creation and provides a provocative example of what happens when a nation disintegrates and leaves its people behind to forge a new identity

The Rise and Fall of the Confederate Government Jefferson Davis, 2018-07-16

The Rise and Fall of the Confederate Government by Jefferson Davis PREFACE The object of this work has been from historical data to show that the Southern States had rightfully the power to withdraw from a Union into which they had as sovereign communities voluntarily entered that the denial of that right was a violation of the letter and spirit of the compact between the States and that the war waged by the Federal Government against the seceding States was in disregard of the limitations of the Constitution and destructive of the principles of the Declaration of Independence The author from his official position may claim to have known much of the motives and acts of his countrymen immediately before and during the war of 1861 65 and he has sought to furnish material for the future historian who when the passions and prejudices of the day shall have given place to reason and sober thought may better than a contemporary investigate the causes conduct and results of the war The incentive to undertake the work now offered to the public was the desire to correct misapprehensions created by industriously circulated misrepresentations as to the acts and purposes of the people and the General Government of the Confederate States By the reiteration of such inappropriate terms as rebellion and treason and the asseveration that the South was levying war against the United States those ignorant of the nature of the Union and of the reserved powers of the States have been led to believe that the Confederate States were in the condition of revolted provinces and that the United States were forced to resort to arms for the preservation of their existence To those who knew that the Union was formed for specific enumerated purposes and that the States had never surrendered their sovereignty it was a palpable absurdity to apply to them or to their citizens when obeying their mandates the terms rebellion and treason and further it is shown in the following pages that the Confederate States so far from making war or seeking to destroy the United States as soon as they had an official organ strove earnestly by peaceful recognition to equitably adjust all questions growing out of the separation from their late associates We are delighted to publish this classic book as part of our extensive Classic Library collection

Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand-curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience.

The South Vs. the South William W. Freehling, 2001. Why did the Confederacy lose the Civil War? Most historians point to the larger number of Union troops, for example, or the North's greater industrial might. Now in *The South Vs. the South*, one of America's leading authorities on the Civil War era offers an entirely new answer to this question. William Freehling argues that anti-Confederate Southerners, specifically border state whites and southern blacks, helped cost the Confederacy the war. White men in such border states as Missouri, Kentucky, and Maryland, Freehling points out, were divided in their loyalties, but far more joined the Union army or simply stayed home than marched off in Confederate gray. If they had enlisted as rebel troops in the same proportion as white men did farther south, their numbers would have offset all the Confederate casualties during four years of war. In addition, when those states stayed loyal, the vast majority of the South's urban population and industrial capacity remained in Union hands. And many forget, Freehling writes, that the slaves' own decisions led to a series of white decisions culminating in the Emancipation Proclamation that turned federal forces into an army of liberation, depriving the South of labor and adding essential troops to the blue ranks. Whether revising our conception of slavery or of Abraham Lincoln, or establishing the antecedents of Martin Luther King, or analyzing Union military strategy, or uncovering new meanings in what is arguably America's greatest piece of sculpture, Augustus St. Gaudens' Shaw Memorial, Freehling writes with piercing insight and rhetorical verve. Concise and provocative, *The South Vs. the South* will forever change the way we view the Civil War.

Confederate Veteran, 1904. *The Confederate Veteran Magazine*, 1895. **Confederate Veteran**, 1931. [The Visible Confederacy](#) Ross A. Brooks, 2019-11-27. Featuring 92 images and line drawings, *The Visible Confederacy* is a comprehensive analysis of the commercially and government-generated visual and material culture of the Confederate States of America. While historians have mainly studied Confederate identity through printed texts, this book shows that Confederates also built and shared a sense of who they were through other media: theatrical performances, military clothing, manufactured goods, and an assortment of other material. Examining previously understudied and often unpublished visual and documentary sources, Ross A. Brooks provides new perspectives on Confederates' sense of identity and ideas about race, gender, and independence, as well as how those conceptions united and divided them. Brooks's work complements the historiography surrounding the Confederate nation by revealing how imagery and objects offer new windows on southern society and a richer understanding

of Confederate citizens Brooks builds substantially upon previous studies of the iconology and iconography of Confederate imagery and material culture by adding a broader range of government and commercially generated images and objects He examines not only popular or high art and government produced imagery but also lowbrow art transitory theatrical productions and ephemeral artifacts generated by southerners Collectively these materials provide a variety of lenses through which to explore and assay the various priorities ideological fault lines and worldviews of Confederate citizens Brooks s study is one of the first extensive academic works to use imagery and objects as the basis for studying the Confederate South His work provides fresh avenues for examining Confederate ideas about race slavery gender independence and the war and it offers insight into the intentions and factors that contributed to the creation of Confederate nationalism The Visible Confederacy furthers our understanding of what the Confederacy was what Confederates fought for and why their vision has persisted in memory and imagination for so long beyond the Confederacy s existence Visual and material culture captured not only the tensions but also the illusions and delusions that Confederates shared The London encyclopaedia, or, Universal dictionary of science, art, literature, and practical mechanics, by the orig. ed. of the Encyclopaedia metropolitana [T. Curtis]. Thomas Curtis (of Grove house sch, Islington), 1839

Decoding **Confederates Against The Confederacy**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Confederates Against The Confederacy Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Confederates Against The Confederacy free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Confederates Against The Confederacy free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Confederates Against The

Confederacy free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Confederates Against The Confederacy. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Confederates Against The Confederacy any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Confederates Against The Confederacy Books

1. Where can I buy Confederates Against The Confederacy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
