Concise Rogets International Thesaurus:

Roget's Thesaurus, 6th Edition Barbara Ann Kipfer, 2007-05-29 An abridged edition of the world's bestselling original thesaurus. This completely revised and updated edition contains over 230,000 words, nearly three thousand of which are newly added. The revolutionary achievement of Dr. Roget was his development of a brand new principle: the grouping of words according to ideas. If the user cannot find something in a reference book, it is often because of the restriction of searching alphabetically by known headwords. Dr. Roget's thesaurus reversed the access to allow the user to find a word from another word, a concept, or an idea. This ultimate reference tool, the best-selling thesaurus ever in all its editions, contains over 230,000 words and phrases, nearly 3,000 of which are new to this edition, grouped into 1,072 numbered categories. Within each category, you will find all the parts of speech, frequent cross-references, commonly used words singled out in boldface, and much more. If you're a writer who needs help organizing a thought or mastering the nuance of expression, the International Thesaurus remains the first source to turn to. *Concise Roget's International Thesaurus*, 1994 **Encyclopedic Graded Grammar Vol 1** I. P. Attarde, **Encyclopedic Graded Grammar** I. P. Attarde, 2008-02-22 This book is a Comprehensive Reference Handbook for the International Class of English. This unprecedented book is a gold mine for those who want to lord over the English language. [The Concise Roget's International Thesaurus](#) Robert L. Chapman, 1994 **The Concise Roget's International Thesaurus** Barbara Ann Kipfer, 2003 [The Concise Roget's International Thesaurus](#) Barbara Ann Kipfer, 2006 *The Concise Roget's International Thesaurus, Revised and Updated, 7th Edition* Barbara Ann Kipfer, 2011-05-31 A classic reference book that has been used by millions all over the world, Roget's International Thesaurus is the product of more than a century and a half of continual expansion, reorganization, and improvement. Today, this book is not only the most time-tested and bestselling thesaurus ever, but newly revised, it is also the most up-to-date and comprehensive reflection of the English language as it is currently used. The revolutionary achievement of Dr. Peter Mark Roget's first edition in 1852 was the development of a brand new principle: the arrangement of words and phrases according to their meanings. Dr. Roget's system brings together in one place all the terms associated with a single thought or concept; it allows a wide-ranging survey of language within a book of relatively modest size without the space-consuming repetitions that so severely limit the scope of thesauruses arranged in a dictionary format with A to Z entries. This brilliant organization makes Roget's International Thesaurus both the most efficient word finder and a cutting-edge aid in stimulating thought, organizing ideas, and writing and speaking more clearly and effectively. This revised and updated seventh edition features thousands of new words and phrases, including the newest slang words and expressions that color and inform everyday language. At the same time, it retains all the hallmarks that have made Roget's International Thesaurus the most popular word reference book next to the dictionary.
