Brewer, 1996 Today s rapidly changing marketplace can seem like a jungle for many professionals Engineering Management Press offers the books needed to navigate through the wilderness of business techniques and acronyms EMP s titles provide practical information and proven business methods for most corporate and industrial environments Our titles cover crucial timely topics of importance to businesses and managers today management productivity improvement quality and related issues Quality the word is everywhere in the workplace Companies have learned that quality products and services sell better last longer and bring greater customer satisfaction Design of experiments and analysis of variance may be used to detect problems and defects in manufacturing and other production processes Statistical methods may also be used to build quality directly into products and services This book shows how several key statistical equations and graphs such as probability plots and histograms can identify and control problems without disrupting operations This lowers costs and brings an organization ever closer to its quality ideal **International Journal of Production Economics**, 1997 **Facilities and Workplace Design** Quarterman Lee, Arild Eng

Amundsen, William Nelson, Herbert Tuttle, 1997 Today's rapidly changing marketplace can seem like a jungle for many professionals. Engineering Management Press offers the books needed to navigate through the wilderness of business techniques and acronyms. EMP's titles provide practical information and proven business methods for most corporate and industrial environments. Our titles cover crucial, timely topics of importance to businesses and managers today: management productivity improvement, quality and related issues, Downsizing teams, product focus, work cells. These business and manufacturing trends are changing the face of facilities today. Because facilities are strategic elements of any enterprise, companies cannot afford to build new structures or revamp old ones without careful planning. Written for both new and experienced designers and IEs, *Facilities and Workplace Design* features 25 illustrated tasks that can be applied to most projects. Layout at the building and departmental levels is the central issue, but site planning, workstation design, and material handling are also addressed. The third book in the *Engineers in Business Series*, this truly is a practical guide for the 90s and beyond.

Building the Knowledge Economy Paul M. Cunningham, Miriam Cunningham, Peter Fatelnig, 2003 The importance of the Internet and information and communication technologies to the global economy has never been greater. This volume aims to facilitate knowledge sharing relevant to everyone, irrespective of background, thematic or geographic focus.

Strategic Management in the Asia Pacific Usha C. V. Haley, 2000 Strategic Management in the Asia Pacific assembles an international team of world famous practitioners and experts to cover the most significant aspects of doing business in the Asia Pacific. Recent developments such as the domino declines in the world financial markets clearly demonstrate that we live and perceive ourselves as living in an interdependent world where business developments in Hong Kong can affect those in New York, London, or Sao Paulo. Understanding how to manage effectively in the Asia Pacific positively affects multinationals' profits and survival. Strategic Management in the Asia Pacific explores how to manage effectively and profitably in the Asia Pacific and identifies and interprets important environmental characteristics and key stakeholders' influences. Sources for up-to-the-minute information to make strategic decisions are also indicated. Contributors include Kam Hon Lee, Dean of Business School, Chinese University of Hong Kong, who advised Coca-Cola's entry into China; Mike Hobday, University of Sussex, who advises the Malaysia Government on its 2020 policy; Ingo Walter, Stern School of Business, New York University, who advises several major governments and corporate institutions on international banking and finance; Chin Tiong Tan, National University of Singapore, who advises Singapore Airlines among other major companies; Kong Yam Tan, National University of Singapore, who served as Singapore's Chief Economist and is currently its Chair to APEC; and Ian Marsh, Professor of International Business, Australian Graduate School of Management.
