Copyright © usamashayari.blogspot.com

**A man found a cocoon of a butterfly. One day a small opening appeared. He sat and watched the butterfly for several hours as it struggled to squeeze its body through the tiny hole. Then it stopped, as if it couldn't go further.**

**So the man decided to help the butterfly. He took a pair of scissors and snipped off the remaining bits of cocoon. The butterfly emerged easily but it had a swollen body and shriveled wings. The man continued to watch it, expecting that any minute the wings would enlarge and expand enough to support the body, Neither happened!**
