

## Module 1: Caregiver Self Care

In this module, we will focus on the importance of your role as a Family Caregiver and what you can do for yourself to keep life fulfilling and happy for you and your family. We know that caregiving does not occur in a vacuum. In addition to being the Family Caregiver of a Veteran, you may also look out for other family members, parents, siblings, in-laws and children. And, you may have a job, too.

We will share with you information about steps you can take to keep yourself physically and emotionally healthy. We also will offer you some tips related to your roles in meeting your family's needs and in the work place. A theme to remember: resources exist all around you that can be of help to you and the Veteran you care for.

Over the past decade there has been more attention to the important role that Family Caregivers play in the lives of both Veterans and non-Veterans. We have learned a lot about what helps a Caregiver carry on this valuable role and how Caregivers themselves need support.
