Bennett, 2016 Poetry Visual Poetry A selection from over 40 years of Bennett s work introduced by Ivan Arg elles Where to begin writing about this baffling and certainly most avant garde of all poets living and working in the USA today Bennett s reputation is international and his interest in Mesoamerican culture has drawn him frequently to that part of the world where he is a recognized figure His experimentations over the years have encompassed multiple techniques including visual poetry and his own polyglottery moving in and out of English Spanish Portuguese French or some Mesoamerican language What may seem aleatory is in fact more intentional and grounded than is first apparent Bennett has roots in traditional literatures those of Siglo de Oro Spain and of Elizabethan England but he is capable of transducing those literatures metamorphosing them by way of the avant garde movements of the 20th century into something utterly innovative and New such as few contemporary artists have done

ORPHIC CANTOS Ivan Argüelles, 2016 Poetry Latino Latina Studies Ivan Arguelles is a poet who does not mine the general American vein of didactic or therapeutic poetry that is supposed to be of use in some way What he creates is an expansive romantic surrealist summoning of multiple swarming worlds and histories This makes him one of the most authentic poets working in English today and one of the most beautiful in his use of language His voice is unique but each of his books has its own timbre point of view its own movement and thematic centers In ORPHIC CANTOS those centers revolve around the paradoxes of language and consciousness which are understood to be at the very marrow of the human The nature of his engagement over the past 40 years has been far more than a desire to write poetry rather poetry is the embodiment of a complex psychic need the air he needs to be in the life form and time he occupies When you read Arguelles work you are immersed in the basic human experience His work is a great treasure John M Bennett **FIAT LUX** Ivan Argüelles, 2014 Poetry FIAT LUX is Ivan Arguelles Odyssey through all human history and literature as well as through the kaleidoscope of his own life memories Portions of FIAT LUX soar as high as any American poetry since Pound s Pisan Cantos Fred Bauman FIAT LUX is most of all about language the great gibberishes out of which creation and languages come and the Law of Time Sharon Doubiago One can read in FIAT LUX an epic poem as it might be dreamed or perhaps the dream of a culture in which the epic consciousness has been repressed yet endlessly renews just beneath the skin of thought in endless metamorphosis pursuing mortal pleasure In this world where Chronos is playful Freud has shackled up in Pythia one reads our culture s fevered dreams as oracles and symptoms These prophetic anxieties are a babel of stories of voices of worlds
