Being All Things:

All Things Being Equal Lenny Moore, 2006 He played with a quiet confidence Statistically he had few peers Even now almost forty years after his first professional contest his impressive body has withstood the test of time He was Marshall Faulk before there was a Marshall Faulk He could catch he could run he could block he did everything In his complete autobiography *All Things Being Equal* Hall of Fame running back Lenny Moore shares his entire story Moore recounts many fascinating life experiences beginning with his upbringing in a blue color family of thirteen in Reading Pennsylvania He explores his standout yet challenging time in Happy Valley playing for an already legendary coach in Penn State s Rip Engle and one in training Joe Paterno He also delves into his professional football career with the Baltimore Colts that saw him reach new heights as the MVP of the NFL in 1964 Throughout his amateur and professional career Moore s toughest competitor was often racism which battled Moore tooth for tooth But as Moore would learn life would pose other significant battles once his spikes were hung up Other immortals who played with him like Johnny Unitas Gino Marchetti and Raymond Berry would easily transition into life after football Some became businessmen others carved a new career path as coaches or general managers but not Moore In great detail he describes his difficulties in shifting from having fame and notoriety to not being able to find employment in the town in which he was once celebrated But Moore eventually found his calling working with troubled Maryland juveniles and establishing the Leslie Moore Scholarship Foundation benefiting underprivileged youths Today he also workstoward finding a cure for Scleroderma after his son passed away of the disease in 2001 Ultimately *All Things Being Equal* is the touching journey of one man s self discovery that unfortunately all things are seldom equal

The Rhetoric, Poetic, and Nicomachean Ethics of Aristotle, Translated from the Greek. By Thomas Taylor Aristotle, 1818

The Works of the Right Rev. William Beveridge ... With a Memoir of the Author and Critical Examination of the Writings, by T. H. Horne William Beveridge, 1824 *God-Man. ... Search and Manifestation* Luther Tracy TOWNSEND, 1872 **The Immanence of the Infinite** Elizabeth Brient, 2002 Most scholars would agree that there is an epochal threshold between the world of the Middle Ages and the modern world Agreement on the nature and dynamic structure of that threshold is harder to come by Hans Blumenberg s original and compelling account of the transition from medieval to modern given in his 1966 work *The Legitimacy of the Modern Age* has received wide attention Elizabeth Brient begins her own account of the transition with an extensive critical assessment of central aspects of Blumenberg s work She elucidates his dialogical method of historical explanation then discusses the shortcomings of his defense of the legitimacy of modernity The transition to the modern world is marked by the process of making infinite the finite medieval cosmos Whereas Blumenberg focused on the spatial infinitization of the universe Brient claims that the process must be understood intensively as well as extensively In the now infinite universe of the new science the problem of finding a measure for man s self assertive activity and for human knowledge comes to the fore The second half of the book focuses on the way in which this difficulty is addressed with

conceptual resources developed in the tradition of late medieval Neoplatonism in particular in the speculative thought of Meister Eckart and Nicholas of Cusa Specific attention is given to the way in which Cusanus notion of the immanence of the infinite in the finite responds to the need for a regulative ideal for human knowing This is the first book length treatment of Blumenberg to appear in English and will be a most welcome resource for readers engaged by debates concerning the status of modernity It will be of equal interest to students of Eckhart and Cusanus and to those generally concerned with the transition between the medieval and the modern world ABOUT THE AUTHOR Elizabeth Brient is Assistant Professor of philosophy at The University of Georgia PRAISE FOR THE BOOK Blumenberg could not have wished for a more reverent critique of his achievements or a more exacting textual exegesis regarding the sources of their philosophical content all written in a lucid style that is forthright in the defense of the depth of thought during the Middle Ages but also pleasing in its subtle irony with respect to Blumenberg s and the author s own metaphysical creed Walter F Veit Speculum Brient s analysis of Blumenberg s philosophy sheds significant light in the debate concerning modernity Albrecht Classen University of Arizona German Studies Review **Library of St. Francis de Sales ...** saint François de Sales,1884* An Appendix with Reply to Criticism on "Future Retributive Punishment" ...
