

# Curriculum Approaches in Scotland and England:

## Scotland

The Scottish education system has its own distinct curriculum known as the Curriculum for Excellence (CfE). CfE focuses on general education for children and young people aged 3-18, with an emphasis on interdisciplinary learning, flexibility, and a holistic approach.

## England

In England, the National Curriculum sets out the subjects and content to be taught in schools. The curriculum is divided into key stages, and there is a more prescriptive approach to subject content compared to the Curriculum for Excellence in Scotland.

## **Being English In Scotland:**

**Being English in Scotland** Murray Watson, 2022 GBS\_insertPreviewButtonPopup ISBN 9780748618590 Boldly venturing into new territory *Being English in Scotland* reveals how a massive increase of English settlers has unobtrusively formed Scotland's most significant migrant community in modern times. The history of relations between England and Scotland is always passionate and often controversial. What is extraordinary is that the pervasive spread and influence of English migration north of the Border has been largely ignored until now. Using a range of different sources including oral history contributions from English people living all over Scotland, Murray Watson explores how the English merged into and contributed to Scottish society in the second half of the twentieth century. Many of the myths surrounding the English in Scotland are dispelled and what emerges instead is that the migratory experience has been extremely complex and multifaceted in nature. The near invisible absorption of so many English born migrants has far reaching implications for the host communities at a local, regional and national level as well as influencing Scotland's economy, its demography, culture and society. At a political and constitutional level, after a number of false starts, Scotland has gained some measure of devolved autonomy. And here English migrants have shown a range of fascinating responses in the reconstruction of their own identities. In leaving behind the undoubted insecurities and uncertainties about what it means to be English, their reactions to moving to a country with strong traditions of national feeling has been intriguing and surprising. The first comprehensive exploration of the complex process of English migration into Scotland, *Being English in Scotland* challenges us with as many questions as answers. Key Features: The first full scale coverage of the English in Scotland. Scotland's largest migrant group over 366,000 English born adults live in Scotland. Challenges many of the commonly held assumptions and myths about the English in Scotland. Explores findings about racism and the construction of national identities. [Scottish Labour Party](#) Gerry Hassan, 2004-03-04 No detailed description available for The Scottish Labour Party. [New Scots](#) Tom M. Devine, 2018-06-21 First ever book length study of Scotland's immigrant communities since 1945. This is the first wide ranging cross disciplinary overview of immigration to Scotland in recent history and its impact on both the newcomers and the host society. It examines key themes relating to postwar migration by showcasing the experiences of many of Scotland's most striking immigrant communities of people arriving from England, Poland, India, Pakistan, China, the Caribbean and the African continent. *New Scots* also features analysis of asylum seekers and refugees along with Jewish and Roma migrants and includes a chapter on migrant voting patterns during the Independence Referendum of 2014. Framed in chronological, thematic and international contexts, *New Scots* offers its readers a penetrating understanding of immigration, one of the most crucial issues confronting the United Kingdom today. Contributors: Eona Bell has held post doctoral positions at the SOAS Food Studies Centre and SOAS China Institute and is working on a book about Hong Kong Chinese families in Scotland. Stefano Bonino is the author of *Muslims in Scotland: The Making of Community in a Post 9/11 World* published by Edinburgh.
