Being And Becoming

New York (State)

Being And Becoming:

Being and Becoming PhD Arthur Combs, 2006-04-28 Dr Combs updates his groundbreaking Field Theory of personality. This model grows out of Carl Rogers' ideas on client-centered therapy and has long been a major influence on theories of psychotherapy and personality within the humanistic and phenomenological traditions. Here Dr Combs ties field psychology to the paradigm shifts in biophysical sciences and so provides a unifying frame of reference for all branches of psychology. His concise approach to the topic makes this book of practical interest to students, clinical psychologists, and counselors, as well as academics teaching upper-level or graduate courses in personality and on therapeutic techniques.

Being and Becoming Franklyn Sills, 2008-09-23 Being and Becoming is a wide-ranging analysis of the nature of being and selfhood. The book presents an original integrated paradigm with the aim of creating a comprehensive overview of the human condition and finding ways to alleviate suffering. In essence, the book explores the question: What does it mean to be? Being and Becoming begins with fresh interpretations of the work of Martin Heidegger and Buddhist, Taoist, and Christian writings as they relate to this question. Most of Being and Becoming, however, is about the nature of self and selfhood as a process of I am this, my becoming, rather than my being. Author Franklyn Sills interweaves concepts from object relations theories, psychodynamics, pre- and perinatal psychology, and Buddhist self-psychology along with his own rich experience as a Buddhist monk, somatic therapist, and psychotherapist into his inquiry. The works of Fairbairn and Winnicott are discussed in depth, as are Winnicott and Stern's insights into the nature of the early holding environment, the infant-mother relational field, and early perceptual dynamics. A thoughtful guide for psychologists, therapists, counselors, and other health professionals, the book is also ideal for Buddhists and anyone looking for alternative therapy models.

Being and Becoming: Teachers of Writing Andrew P. Johnson, 2024-04-16 This engaging, inviting textbook from a renowned expert in writing education provides all the knowledge, pedagogical strategies, and tools needed to enable any teacher to be an effective teacher of writing. Using the five-step writing process as a foundation, the text describes how to teach the necessary skills related to grammar, spelling, punctuation, and other writing mechanics and addresses all major genres and stages of writing. Written in an authentic voice that exemplifies good writing, Johnson presents a variety of pragmatic, research-based strategies that support students' writing development and encourage teachers to apply their own creativity and intelligence in the classroom. This is an essential text for courses in writing instruction, literacy methods, and teaching English Language Arts (ELA).
