Being Unemployed In Northern Ireland An Ethnographic Study:

Being Unemployed in Northern Ireland Leo Howe,1990-10-18 This is a major ethnography of unemployment and the first community based book on contemporary unemployment in the United Kingdom *Predicting the Future* Leo Howe,Alan Wain,1993-03-25 Predicting the Future examines humankind s obsessive urge to look beyond the present in the hope of controlling events in the days to come Nordirland in Geschichte und Gegenwart Jürgen Elvert,1994 ein ausserordentlich gelungenes Kompendium zur Geschichte Nordirlands vom 16 Jh bis zur Gegenwart Dem sorgfältig redigierten mit einer sehr nützlichen Auswahlbibliographie sowie einem Personen und Ortsregister versehenen Band ist der Charakter eines umfassenden Standardwerkes zu attestieren Es eignet sich sowohl zur schnellen und zuverlässigen Information über historische Abläufe und Zusammenhänge als auch zur vertiefenden Einarbeitung in die verschiedenen Aspekte des komplexen Nordirlandproblems Zeitschrift für Geschichtswissenschaft ein Nachschlagewerk das über die Geschichte und Gegenwart der Provinz über politische Hintergründe und soziale Verhältnisse umfassend und kompetent informiert Historische Zeitschrift Aus dem Inhalt Teil 1 Die historische Entwicklung mit Beiträgen von Hiram Morgan Belfast John McCavitt Belfast Tony Canavan Belfast Brian Girvin Cork Peter Collins Belfast Michael T Foy Belfast Jürgen Elvert Kiel Teil 2 Nordirland mit Beiträgen von Andreas Helle Frankfurt Main Brian Barton Belfast Sabine Wichert Belfast David W Harkness Belfast Arthur Aughey Jordanstown Dietmar Herz Karlsruhe Patrick J Roche Belfast Duncan Morrow Jordanstown Helge Berlinke Kiel Teil 3 Der Konflikt mit Beiträgen von Arthur Aughey Jordanstown Steve Bruce Aberdeen Henry Patterson Jordanstown Duncan Morrow Jordanstown Brian Lennon S J Portadown David E Butler Coleraine Gottfried Schroder Kiel Bernd Grossheim Kiel Ulrich Kockel Liverpool Roland Sturm Tübingen Klaas Hartmann Christopher Schumacher Kiel

Anthropology of Policy Cris Shore,Susan Wright,2003-12-16 Arguing that policy has become an increasingly central concept and instrument in the organisation of contemporary societies and that it now impinges on all areas of life so that it is virtually impossible to ignore or escape its influence this book argues that the study of policy leads straight into issues at the heart of anthropology *The Hoods* Heather Hamill,2018-04-03 A distinctive feature of the conflict in Northern Ireland over the past forty years has been the way Catholic and Protestant paramilitaries have policed their own communities This has mainly involved the violent punishment of petty criminals involved in joyriding and other types of antisocial behavior Between 1973 and 2007 more than 5 000 nonmilitary shootings and assaults were attributed to paramilitaries punishing their own people But despite the risk of severe punishment young petty offenders known locally as hoods continue to offend creating a puzzle for the rational theory of criminal deterrence Why do hoods behave in ways that invite violent punishment In *The Hoods* Heather Hamill explains why this informal system of policing and punishment developed and endured and why such harsh punishments as beatings kneecappings and exile have not stopped hoods from offending Drawing on a variety of sources including interviews with perpetrators and victims of this violence the book argues that the hoods risky offending

may amount to a game in which hoods gain prestige by displaying hard to fake signals of toughness to each other Violent physical punishment feeds into this signaling game increasing the hoods status by proving that they have committed serious offenses and can manfully take punishment yet remained undeterred A rare combination of frontline research and pioneering ideas The Hoods has important implications for our fundamental understanding of crime and punishment

Culture and Policy in Northern Ireland Hastings Donnan, Graham McFarlane, 1997

Everyday Culture in Europe Máiréad Nic Craith, 2016-04-15 This book discusses the history and contemporary practice of studying cultures at home by examining Europe's regional or small ethnologies of the past present and future With the rise of nationalism and independence in Europe ethnologies have often played a major role in the nation building process The contributors to this book offer case studies of ethnologies as methodologies showing how they can address key questions concerning everyday life in Europe They also explore issues of European integration and the transnational dimension of culture in Europe today and examine how regional ethnologies can play a crucial part in forming a wider European ethnology as local participants have experience of combining identities within larger regions or nations

Facets of the Conflict in Northern Ireland Seamus Dunn, 1995-01-16 On 1 September 1994 the Provisional Irish Republican Army declared a complete cessation of military operations After 25 years of violence the sounds of guns and bombs may be about to disappear from the streets of Northern Ireland The overall impact of this change in economic and social terms is not easy to predict but the effect of a ceasefire on the conflict in its widest sense requires careful analysis To begin with it is a defining characteristic of all internal conflicts that they are never completely solved The ceasefire suggests that one facet has been for the moment resolved and it is probable that this will be followed by the emergence of new democratic structures and institutional forms The purpose of this book is to illustrate that the end of violence and the accompanying political accommodations are only the first steps in a long term process of social reconstruction Although the quantity of the material published about the conflict is very large there is no current up to date book which provides a background to the range of social legal political religious economic and cultural issues which influence or are influenced by the conflict The authors are all practising social science researchers currently or recently working within Northern Ireland and much of the material presented arises from the wide range of research carried out at the Centre for the Study of Conflict University of Ulster during the past 17 years
