Beluga A Farewell To Whales

Brendan G. Carr

Beluga A Farewell To Whales:

Beluga Pierre Béland, 1996 A very powerful chronicle of the St Lawrence River Beluga whales which were hunted to near extinction until given legal protection in 1979 and are now quite literally dying from pollution Beland senior research scientist St Lawrence National Institute of Ecotoxicology describes the Beluga history how they live now the pollution threats to them and ways in which this kind of tragedy can be prevented in the future although it looks like it's too late for the Beluga thus the volume also serves as their elegy Includes color photographs Annotation copyright by Book News Inc Portland OR

Focus on International Joint Commission Activities, 1995

Navigating an Era of Science Denial Using the 5E Instructional Model Rodger W. Bybee, 2026-02-06 Empower Your Students to Search for Truth In an era of rampant misinformation and growing distrust in science K 12 educators are on the front lines of a crucial battle This timely book written by Rodger W Bybee the legendary creator of the 5E Instructional Model provides a reasonable achievable and positive response for the K 12 educational community It equips classroom teachers and school leaders to combat misconceptions and effectively teach the nature of science ensuring students become scientifically literate citizens This book presents a clear achievable plan to navigate the challenges of teaching science today Grounded in decades of research and classroom application it progresses from the societal problem of anti science sentiment to a concrete instructional solution that will empower students and engage teachers Features include A clear connection to the Next Generation Science Standards NGSS with a focus on the nature of science Grade specific units and lesson plans for K 2 3 5 middle school and high school featuring reproducible worksheets and real life classroom stories from educators who've been in the trenches A step by step process for implementing the 5E Instructional Model to address science denial and improve your existing instructional units Expert guidance on digital literacy evaluating online claims and communicating with families who may hold anti science views This book provides the helm for science teachers to grasp offering a clear course to steer through the murky waters of anti science sentiment By learning to apply these powerful instructional strategies educators can meet the challenge of maintaining the integrity of science and empower their students to navigate a complex world with critical thinking and informed skepticism

[Our Kindred Creatures](#) Bill Wasik, Monica Murphy, 2024-04-23 A compassionate sweeping history of the transformation in American attitudes toward animals by the best selling authors of Rabid Over just a few decades at the end of the nineteenth century the United States underwent a moral revolution on behalf of animals Before the Civil War animals suffering had rarely been discussed horses pulling carriages and carts were routinely beaten in public view and dogs were pitted against each other for entertainment and gambling But in 1866 a group of activists began a dramatic campaign to change the nation's laws and norms and by the century's end most Americans had adopted a very different way of thinking and feeling about the animals in their midst In *Our Kindred Creatures* Bill Wasik editorial director of *The New York Times Magazine* and veterinarian Monica Murphy offer a fascinating history of this crusade and the battles

it sparked in American life On the side of reform were such leaders as George Angell the inspirational head of Massachusetts animal welfare society and the American publisher of the novel Black Beauty Henry Bergh founder of the American Society for the Prevention of Cruelty to Animals Caroline White of Philadelphia who fought against medical experiments that used live animals and many more including some of the nation s earliest veterinarians and conservationists Caught in the movement s crosshairs were transformational figures in their own right animal impresarios such as P T Barnum industrial meat barons such as Philip D Armour and the nation s rising medical establishment all of whom put forward their own very different sets of modern norms about how animals should be treated In recounting this remarkable period of moral transition which by the turn of the twentieth century would give birth to the attitudes we hold toward animals today Wasik and Murphy challenge us to consider the obligations we still have to all our kindred creatures

Corporate Ties That Bind Martin J. Walker,2017-03-28 In the 21st century corporations have worked their way into government and as they become increasingly more powerful arguments about their involvement with public health have become increasingly black and white With corporations at the center of public health and environmental issues everything chemical or technological is good everything natural is bad scientists who are funded by corporations are right and those who are independent are invariably wrong There is diminishing common ground between the two opposed sides in these arguments *Corporate Ties that Bind* is a collection of essays written by influential academic scholars activists and epidemiologists from around the world that scrutinize the corporate reasoning false science and trickery involving those like in house epidemiologists who mediate the scientific message of organizations who attack and censure independent voices This book addresses how the growth of corporatism is destroying liberal democracy and personal choice Whether addressing asbestos radiation PCBs or vaccine regulation the essays here address the dangers of trusting corporations and uncover the lengths to which corporations put profits before health

Thousand-Mile Song David Rothenberg,2008-04-29 In *Thousand Mile Song* musician and philosopher David Rothenberg uses the enigma of whale sounds to explore whether we can truly understand nonhuman minds Interviewing scholars around the world as they attempt to decipher underwater music Rothenberg tells the story of scientists and artists confronting an unknown as vast as the ocean Along the way he plays his clarinet live with whales in their native habitats from Russia to Hawaii making interspecies music that appears on the included CD Richly detailed and deeply entertaining *Thousand Mile Song* is an imaginative look at the most intriguing creatures of the ocean
