Ben Jonson Public Poet And Private Man:

Ben Jonson, Public Poet and Private Man George A. E. Parfitt,1977 *Ben Jonson's 1616 Folio* Jennifer Brady,Wyman H. Herendeen,1991 This collection of nine original essays is a major study of the 1616 Folio as a work of art as a turning point in Jonson s career and as an unprecedented event in English letters and printing Jacobean Private Theatre Keith Sturges,2017-03-27 In this scholarly and entertaining book first published in 1987 the author tells the story of Jacobean private theatre Most of the best plays written after 1610 including Shakespeare s late plays such as *The Tempest* were written for the new breed of private playhouses small roofed and designed for an aristocratic literary audience as opposed to the larger open air houses such as the Globe and the Red Bull catering for a popular lowbrow audience The author discusses the polarisation of taste and the effect it had on literary criticism and theatre history This title will be of interest to students of English Literature Drama and Performance The Women of Ben Jonson's Poetry Barbara Smith,1995 This work looks at Jonson s treatment of women in his verse rather than in his plays Previous critics have argued that Jonson was misogynistic but this book provides evidence to the contrary placing his depiction of women firmly within their historic societal context **Reader's Guide to Literature in English** Mark Hawkins-Dady,2012-12-06 Reader s Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study **A Ben Jonson Companion** Dewey Heyward Brock,1983 **Volpone** Matthew Steggle,2011-01-20 A comprehensive introduction to Ben Jonson s *Volpone* introducing its critical history performance history current critical landscape and new directions in research on the play **A Biographical Dictionary of Renaissance Poets and Dramatists, 1520-1650** J. early modern literature and culture While its main focus remains the literature of the late sixteenth century England s Helicon recognises that intertextuality and influence can be material as well as literary It demonstrates that the missing piece needed to make sense of a passage in a play a poem or a prose romance could be a fountain a conduit a well or a reflecting pool in general or even in a specific known garden it also considers portraits textiles jewellery and other artefacts depicting fountains Early modern English gardens and fountains are almost all lost but to approach them through literary texts and objects is often to recover them in new ways This is the double project that England s Helicon undertakes in so doing it offers a new model for the exploration of the interconnectedness of texts images objects and landscapes in early modern literature and culture
