## **Ben Wicks Women:**

*Ben Wicks' Women* Ben Wicks, 1978      **The Harasen Line** Lorne Harasen, 2016-06-07 The book is about a Saskatchewan broadcaster and his experiences and the people he met as an open line commentator A program conducted by Lorne Harasen and known as The HARASEN LINE was just 25 minutes long when it began and grew to four and a half hours in length It recorded some of the highest audience ratings in Saskatchewan radio history PIERRE ELLIOT TRUDEAU BING CROSBY COLIN THATCHER BEN WICKS and WAYNE SHUSTER were just some of his guests It was carried on CKCK radio and then CKRM radio in Regina Topics ranged from sex to sports medical questions to agriculture Listeners were rarely impartial on the topic of Lorne Harasen Most either loved him or hated him but as broadcaster Doug Alexander once said you couldn't ignore him      **The Canadian Encyclopedia** James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford

Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada

**Women and Evacuation in the Second World War** Maggie Andrews, 2019-08-08 Groups of young evacuees standing on railway stations with gas masks and cardboard suitcases have become an iconic image of wartime Britain but their histories have eclipsed those of women whose domestic lives were affected This book explores the effects of this unparalleled interference in the domestic lives of women looking at the impact on everyday experience and on ideas of femininity domesticity and motherhood Maggie Andrews argues that wartime evacuation is important for understanding the experience and the contested meanings of domesticity and motherhood in the 20th century As this book shows evacuation represents a significant and unrecognised area of women s war work and precipitated the rise of competing public discourses about domestic labour and motherhood

**Finding Families, Finding Ourselves** Veronica Jane Strong-Boag, 2006 In Finding Families Finding Ourselves historian Veronica Strong Boag examines the realities behind idealized pictures of adoptive families rescuing needy children or adoptees fitting seamlessly into new families The first comprehensive examination of the history of adoption in Canada Finding Families Finding Ourselves draws on a broad range of sources from legal cases sociological studies and government policies to fiction and first hand accounts Strong Boag argues that adoption far from being a marginal aspect of Canadian history goes to the heart of who we are as individuals and as a national community With its complicated dance of obligations and rights insiders and outsiders acceptance and rejection adoption reflects the ways in which we as families and as communities have consciously and unconsciously remade ourselves in the course of creating our future **BOOK JACKET**
