Benedict XVI: A Life Volume One Peter Seewald,2020-12-10 The first volume of Peter Seewald's long awaited authoritative biography of Pope Benedict XVI By any reckoning the papacy of Pope Benedict XVI was extraordinary with moments of high drama Not the least of these was his resignation from office in February 2013 the first papal resignation in almost 600 years But who was Joseph Ratzinger In this definitive biography based on meticulous historical research and many hours of taped interviews with his subject Peter Seewald shows the exceptional circumstances in which the exceptionally talented son of a Bavarian policeman became the first German pope for 950 years In this first volume covering the years 1927-1965 we witness Joseph Ratzinger's early days living above his father's police station Ratzinger came to adulthood through the years of National Socialism Though hostile to the rise of Hitler his family knew well about Dachau and Ratzinger himself was conscripted into the Hitler Youth Joseph Ratzinger proved to be a man of exceptional intellectual gifts and by the time of the Second Vatican Council 1962-1965 he was already noted as one of the outstanding intellects present and was nominated a peritus or theological expert This was also the time of the start of his friendship with the Swiss theologian Hans Kng who was to become his nemesis Of his predecessor Pope Francis has said Pope Benedict was a great Pope great for the penetration of his intelligence great for his important contribution to theology great for his love of the Church and human beings great for his virtues and faith Even in this first volume we begin to understand how this came to be true

Faith and Politics Joseph Ratzinger,2018-06-27 Pope Francis in his foreword states that one of the major themes in the thought of Joseph Ratzinger is the relationship between faith and politics His firsthand experience of Nazi totalitarianism led him even as a young student to reflect on the limits of obedience to the state for the sake of the liberty of obeying God In support of this he quotes from one of Ratzinger's texts presented in this volume The state is not the whole of human existence and does not encompass all human hope Ratzinger explored various aspects of this subject in books speeches and homilies throughout his career from his years as a theology professor to his tenure as Prefect of the Congregation for the Doctrine of the Faith and most recently as Pope Benedict XVI This is the only book that collates all of his most significant works on political themes inside one volume

The Theology of Benedict XVI Tim Perry,2019-10-30 There's no doubt about Benedict XVI's theological legacy He's been at the center of every major theological controversy in the Catholic Church over the last fifty years But he remains a polarizing figure misunderstood by supporters and opponents alike A deeper understanding of Benedict's theology reveals a man dedicated to the life and faith of the church In this collection of essays prominent Protestant theologians examine and commend the work of the Pope Emeritus They present a full picture of Benedict's theology particularly his understanding of the relationship between faith and reason

and his pursuit of truth for the church The global Christian faith can learn from Benedict's insight into the modern church and his desire to safeguard the future of the church by leaning on the wisdom of the ancient church Dustjacket Inside Front Flap

synthetic and meditative work is theological without being abstract or dry and spiritual without being sentimental The pierced heart of Christ must be the heart of theology and Christian life as well Proceeding from the prayerful dialogue between the Incarnate Son and his Eternal Father Joseph Ratzinger shows how one can approach the mystery of the Heart of Christ only through the imitation of this prayer To know and understand Jesus we must participate in his prayer The prayer of Christ must be the interior life of all who are joined to him in his Body the Church Using the Old and New Testaments and the Church Fathers Ratzinger shows that the ecclesial community the Church was born from the pierced Heart of Christ on the Cross

A Turning Point for Europe? Joseph Cardinal Ratzinger, Pope Benedict XVI, 2010-01-01 Cardinal Ratzinger addresses the challenges and responsibilities that both

the Church and society in Europe face after the collapse of Marxism Both liberalism and Marxism have denied religion the right to have any influence on public affairs and the common future of humanity Since there is also a great spiritual emptiness growing in the West with the increased secularization consumerism and hedonism Ratzinger s comments apply as much if not more to the United States as well With the downfall of Marxism religion has been discovered anew as an ineradicable force for both the individual and society While there is renewed interest in religion the dangers also exist to lay hold of religion as an instrument to serve various political ideas Ratzinger whose theological work has often dealt with the reasons for our faith reflects upon the various problems facing humanity at this turning point of our history and offers genuine hope based upon a deep Christian faith He also addressed the critical role that the Church has in relationship to the world and the essential task of bringing Christ back into our culture In the present situation it is an absolute obligation for the theologian and for the pastor of the Church to enter the disputation about the correct understanding of the present time and to both clarify faith s own proper sphere and to do justice to the share of responsibility that lies on him at this hour
