Lancaster Men Peter Rees, 2013. The extraordinary story of the Aussie men of Bomber Command in the air and on the ground.

Pathfinder Lionel Bennett, 2024-02-13. In the spring of 1940, on a path barely lit by a thin crescent moon, a schoolteacher with a hard-held dream sets out on a sixteen-mile trek through Ontario bush. Arriving in time to catch the midnight train, he settles in for the ride to Winnipeg where he intends to enlist in the Royal Canadian Air Force. His journey is just beginning. The schoolteacher is Gordon Wellington Bennett, a young man whose passion for flight and determination to serve lead him to pilot training, then overseas to England where he becomes a flying instructor and meets the love of his life, Stella, and starts a family. But all of this fades to a blurry background as the war intensifies. When Gordon is tasked as a bomber pilot, his family expands to include his crew, six young men all seeking honour and glory, all grappling with the horrific realities of war. From here, Gordon's journey becomes one of dogged survival. At the centre of it all is the impossible question of morality. Confounded by his role in the devastation, Gordon, a secular humanist, seeks answers with the guidance of Father Charles Brimley, a retired Anglican priest who becomes an important mentor. Based on true events, *Pathfinder* tells the heartbreaking coming-of-age of one young Canadian man, a man whose gallantry earns him a Distinguished Flying Cross, a man with a dream and a unique story just like every other man who served his country during the deadliest conflict in human history.
