### **Bennetts Associates Four Commentaries:**

**Bennetts Associates** Richard Weston,2005 Since its foundation in 1987 Bennetts Associates has won numerous awards for its work and has established itself in the UK as one of the leading architecture practices of its generation This is the first book to examine the firm s ethos and the themes behind its buildings Four aspects of Bennetts Associates work are considered in depth Perception Form Construction and Process drawing on over 30 built projects in detail as well as many others in various stages of design and construction These projects include Hampstead Theatre the Wessex Water Headquarters Brighton Central Library and the New Street Square development in the City of London Each of the underlying themes is examined in turn by four well known writers or commentators academics Richard Weston and Peter Carolin design process theorist Frank Duffy and art consultant Vivien Lovell *Britain* Alan Powers,2007 Thoroughly illustrated with images of the buildings under discussion advertisements and other historical photographs Britain is an authoritative yet highly accessible account of twentieth century British architecture *Building Services Journal* ,2005 **The Penn Commentary on Piers Plowman, Volume 2** Ralph Hanna,2017-03-15 The first full commentary on Piers Plowman since the late nineteenth century the Penn Commentary places the allegorical dream vision of Piers Plowman within the literary historical social and intellectual contexts of late medieval England and within the long history of critical interpretation of the poem assessing past scholarship while offering original materials and insights throughout The authors line by line section by section and passus by passus commentary on all three versions of the poem and on the stages of its multiple revisions reveals new aspects of the work s meaning while assessing and summarizing a complex and often divisive scholarly tradition The volumes offer an up to date original and open ended guide to a poem whose engagement with its social world is unrivaled in medieval English literature and whose literary religious and intellectual accomplishments are uniquely powerful The Penn Commentary is designed to be equally useful to readers of the A B or C texts of the poem It is geared to readers eager to have detailed experience of Piers Plowman and other medieval literature possessing some basic knowledge of Middle English language and literature and interested in pondering further the particularly difficult relationships to both that this poem possesses Others with interest in poetry of all periods will find the extended and detailed commentary useful precisely because it does not seek to avoid the poem s challenges but seeks instead to provoke thought about its intricacy and poetic achievements Volume 2 by Ralph Hanna deliberately addresses the question of the poem s perceived difficulty by indicating the legitimate areas of unresolved dilemmas while offering often original explanations of a variety of textual loci Perhaps more important his commentary indicates what has not always appeared clear in past approaches that the poem only means in its totality and within some critical framework and that its annotation needs always to be guided by a sense of Langland s developing arguments **The Architects' Journal** ,2005 *The Penn Commentary on Piers Plowman, Volume 2* Andrew Galloway,Ralph Hanna,Stephen A. Barney,2006 The Penn Commentary on Piers Plowman Volume 2 by Ralph Hanna

deliberately addresses the question of the poem's perceived difficulty by indicating the legitimate areas of unresolved dilemmas while offering often original explanations of a variety of textual loci Detail, 2006 **Art Reviews and Commentaries by Robert L.
