Elvis Presley but Presley was just a baby when the title was first conferred upon Benny Goodman as the King of Swing in 1935 The Swing Era was a magical period in American history between the hedonism of the Roaring Twenties and the rebelliousness sparked by rock music beginning in the 1950s Swing music was rooted in ragtime blues and jazz music that had long been popular in African American enclaves in Chicago St Louis Kansas City and New Orleans Swing took the entire nation by storm thanks in large part to Benny Goodman and his bands earning Goodman the nearly undisputed title of the King of Swing Goodman's life was a genuine rags to riches story The son of nearly destitute Jewish immigrants from Eastern Europe Goodman was a musical prodigy who began playing professionally at the tender age of 13 and he was also among the first mainstream bandleaders to hire black musicians Referring to music as a great escape for me from the poverty Goodman's lifelong focus was on good music no matter who it came from As he put it If a guy's got it let him give it I'm selling music not prejudice Goodman's popularity was so instrumental that Lionel Hampton went so far as to claim As far as I'm concerned what he did in those days and they were hard days in 1937 made it possible for Negroes to have their chance in baseball and other fields Apart from a few hiatuses to tend his health and his growing family Goodman remained a consistently active musician literally right up until his death in 1986 at the age of 77 Somewhat fittingly he died in his study with his clarinet next to him and a Brahms sonata on a music stand nearby Benny Goodman The Life and Legacy of the King of Swing profiles how Goodman rose from obscure beginnings to become one of 20th century music's most influential figures Along with pictures of important people places and events you will learn about the King of Swing like never before
