Mazow, Thomas Hart Benton, 2012 Argues that musical imagery in the art of American painter Thomas Hart Benton was part of a larger belief in the capacity of sound to register and convey meaning Provided by publisher **Thomas Hart Benton** Justin Wolff, 2012-03-13 Born in Missouri at the end of the nineteenth century Thomas Hart Benton would become the most notorious and celebrated painter America had ever seen The first artist to make the cover of Time he was a true original an heir to both the rollicking populism of his father's political family and the quiet life of his Appalachian grandfather In his twenties he would find his calling in New York where he was drawn to memories of his small town youth and to visions of the American scene By the mid 1930s Benton's heroic murals were featured in galleries statehouses universities and museums and magazines commissioned him to report on the stories of the day Yet even as the nation learned his name he was often scorned by critics and political commentators many of whom found him too nationalistic and his art too regressive Even Jackson Pollock his once devoted former student would turn away from him in dramatic fashion A boxer in his youth Benton was quick to fight back but the widespread backlash had an impact and foreshadowed many of the artistic debates that would dominate the coming decades In this definitive biography Justin Wolff places Benton in the context of his tumultuous historical moment as well as in the landscapes and cultural circles that inspired him Thomas Hart Benton with compelling insights into Benton's art his philosophy and his family history rescues a great American artist from myth and hearsay and provides an indelibly moving portrait of an influential controversial and often misunderstood man **Hard Travelin'** Robert Santelli, Emily Davidson, 1999-11-19 In this book Guthrie's family and friends offer personal and often poignant recollections of his life Noted writers shed new light on the Guthrie legacy including an expanded appreciation of his impact on rock and roll [The Collections of the Nelson-Atkins Museum of Art](#) Nelson-Atkins Museum of Art, 2007 **IFAR Journal** , 2006 [Adventures in Modern Art](#) Innis H. Controversial flamboyant contentious brilliant Thomas Hart Benton 1889-1975 was certainly all of those Few American artists have stirred so much love and hatred as he did in a career that lasted almost seventy years Although his painting aroused much controversy perhaps equally as much was created by his words for his piercing wit profane sarcasms and insightful condemnations were fired off without restraint In this fiery and provocative autobiography Benton presents an intriguing record of American art and society during his lifetime The first installment of this work was published in 1937 but Benton continued his life story in chapters added to editions published in 1951 and 1968 This new edition includes seventy-six drawings that add much to his narrative plus a foreword discussing Benton's place in American art and an afterword covering his career after 1968 both written by art historian Matthew Baigell Although Benton is most famous as a regionalist painter and muralist his complex and fascinating career brought him into contact with many of the most important artists and thinkers of the century including Jackson Pollock Grant Wood Julian Huxley Felix Frankfurter Eugene Debs John Reed and Harry Truman While living in New York and on Martha's Vineyard in the 1920s and 1930s Benton often associated with leading intellectuals and radicals However when his evolving principles of art led him away from an interest in Marxism he was bitterly attacked by many of his former friends and his account of that time reveals strikingly the fierce critical battles he faced in trying to establish his own artistic vision Critics on the Left were not his only opponents however and equally revealing are his responses to the moral condemnations heaped on his murals done for the states of Indiana and Missouri and on his realistic nudes of the late 1930s Throughout his account from descriptions of his boyhood in southwest Missouri his travels and his career to discussions of specific works of art and other artists Benton portrays people and events as vividly in words as he does in his paintings

Thomas Hart Benton is often recognized as the leader of the 1930s movement known as Regionalism which celebrated rural life in the United States However he lived and worked primarily in New York from 1912 to 1935 one of the most vibrant and dynamic periods in the city's history It was also a critical time for Benton's artistic development as he gradually established and set on the course that would define his career one characterized by a passionate commitment to public art populist

subject matter and a distinctively expressive figurative style rooted predominantly in European Mannerism The pinnacle of Benton s New York years was the mural cycle he painted for the newly erected headquarters of the New School for Social Research at 66 West 12th Street which opened to the public in January 1931 Called America Today the mural his first significant commission for an institution raised Benton s artistic stature not only in New York but also nationwide setting the stage for his appearance in December 1934 on the cover of Time magazine the first time an artist was accorded that honor This Bulletin reveals the many remarkable stories that America Today has to tell and presents new discoveries about Benton s epic cycle The essay and entries contained in these pages elucidate the mural s rich content particularly Benton s celebration of the Machine Age and American progress in the 1920s

Pollock Donald Wigal,2012-05-08 Born in 1912 in a small town in Wyoming Jackson Pollock embodied the American dream as the country found itself confronted with the realities of a modern era replacing the fading nineteenth century Pollock left home in search of fame and fortune in New York City Thanks to the Federal Art Project he quickly won acclaim and after the Second World War became the biggest art celebrity in America For De Kooning Pollock was the icebreaker For Max Ernst and Masson Pollock was a fellow member of the European Surrealist movement And for Motherwell Pollock was a legitimate candidate for the status of the Master of the American School During the many upheavals in his life in New York in the 1950s and 60s Pollock lost his bearings success had simply come too fast and too easily It was during this period that he turned to alcohol and disintegrated his marriage to Lee Krasner His life ended like that of 50s film icon James Dean behind the wheel of his Oldsmobile after a night of drinking
