Autobiography of Benvenuto Cellini Benvenuto Cellini, 2016-09-14 The magnificent biography of Florentine goldsmith sculptor and artist Benvenuto Cellini is presented here complete Although encouraged by his family to take up music as a youth the young Cellini had other ideas At first apprenticing as a goldsmith with his father it was during his reckless teenage years that Cellini was banished from Florence s borders for taking part in an intense street brawl with his friends This temporary ban forced the teenage Cellini into travelling around Italy he would live for a time in the town of Siena then Bologna and finally onto the great and ancient capital of Rome when he was nineteen Putting his early training in metalwork to use the young Cellini quickly demonstrated great talent in the moulding of silver In Renaissance Rome there was no shortage of demand for fine quality handiwork and Cellini s living was soon secure thanks to commissions from figures such as the Bishop of Salamanca Together with the stories of his wayward youth and ascendance to acclaim as an artisan and sculptor Cellini describes his travels his associates his romances and the locales he settles in Much of the biography is full of opinions on matters of art and society which Cellini attempts to justify with reasoned argument Some bizarre and fantastical events such as the author conjuring a great legion of devils inside the Roman Colosseum after a favourite mistress of Cellini s was led away by her mother lend liveliness to the text The biography concludes quite suddenly with the final journey Cellini made to Pisa which was another of his favoured cities For its style humour and undoubted value as a history and commentary upon the Italian Renaissance Benvenuto Cellini s biography is considered the most valuable of the era This translation to English is by John Addington Symonds an acclaimed literary critic and scholar of Renaissance Italian culture Symonds was himself an authoritative author of several biographies regarding prominent Italian figures of the 14th to 16th centuries
