Bereavement Care A Look At Hospice And Community Based Services

Connie Evashwick

Bereavement Care A Look At Hospice And Community Based Services:

Bereavement Care Jane Marie Kirschling, Marcia E Lattanzi, Stephen Fleming, 2013-04-15 Here is a comprehensive interdisciplinary look at current bereavement care practices and key concerns of care providers Covering a broad spectrum of topics interests and perspectives from divergent disciplines and clinical experiences the contributing authors explore theories and constructs that can clarify and be useful in the provision of bereavement services Bereavement Care A New Look at Hospice and Community Based Services addresses important issues related to the delivery of bereavement care and services Chapters focusing on clinical concerns examine ways to distinguish grief from depression and the use of Jung's theory to expand an understanding of the grief process Others explore options for community based group interventions and the role of the volunteer in the provision of hospice bereavement services Chapters with a research focus highlight effective assessment tools the applicability of Bugen's model and the practice and problems involved in hospice bereavement services This rich and compassionate volume will be helpful to mental health professionals social workers chaplains nursing personnel and volunteers who work with or provide services to bereaved persons and families *Hospice and Palliative Care* Stephen R. Connor, 2009-04-02 Offers a comprehensive overview of the practice of hospice as well as the challenges faced by and the direction of the hospice movement This book provides chapters that address key topics such as the goals and importance of community involvement outcome measurement and the manner in which hospices address death grief and bereavement

Hospice Stephen R. Connor, 1998 Written as an introduction for professionals this book gives the reader an overall grasp of how hospice care is practised the challenges hospices currently face and the direction the movement is taking The author claims that in spite of expansion people are not aware of the work of hospices **Living with Grief** Marcia Lattanzi-Licht, Kenneth Doka, 2004-03-01 Developed in conjunction with the Hospice Foundation of America's 10th annual tele conference Living with Grief Coping with Public Tragedy examines our varied responses to public tragedy techniques available to cope with these events and the role of the hospice in public tragedies The essays included look at factors that define a public tragedy and offer insight and advice to professionals as they help those coping with loss Case examples include Sherry Schachter's experience at Ground Zero a consideration of the devastation in Florida caused by Hurricane Andrew in 1992 and the shootings at Columbine High School in 1999 **Coping with Public Tragedy** Marcia E. Lattanzi-Licht, Kenneth J. Doka, 2003 Developed in conjunction with the Hospice Foundation of America's 10th annual tele conference Living with Grief Coping with Public Tragedy examines our varied responses to public tragedy techniques available to cope with these events and the role of the hospice in public tragedies The essays included look at factors that define a public tragedy and offer insight and advice to professionals as they help those coping with loss Case examples include Sherry Schachter's experience at Ground Zero a consideration of the devastation in Florida caused by Hurricane Andrew in 1992 and the shootings at Columbine High School in 1999 **Death and Dying** John F. Szabo, 2009-11-02 While

it can be traced to the 1700s the term thanatology has gained traction in recent decades to refer to the study of death Because of the breadth of the published material and the challenges of discovery in large bibliographic databases and catalogs finding and identifying monographic material on death dying grief and bereavement can be extremely challenging Although there have been several bibliographical resources published on thanatology those titles were incomplete limited in scope or leaned heavily toward one area of the field In *Death and Dying An Annotated Bibliography of the Thanatological Literature* John F Szabo provides more than 2 200 citations of monographs on the science and study of death and dying Among the areas this volume addresses are the psychological philosophical and attitudinal aspects coping and dealing with the burdens of caregiving and working in the helping professions instructional and educational topics for practitioners primarily health care providers cultural differences in bereavement rituals and grief mourning and loss In addition notable titles on or relating to death and dying in popular culture death themes in literature methods of death or specific ethical policy or public issues are also included when they contribute important information to subject areas on which the book focuses This book will be helpful to students researchers academics caregivers health care professionals psychologists social workers and anyone with an interest in death dying bereavement or the care of the terminally ill

Living with Dying Joan Berzoff, Phyllis R. Silverman, 2004 The first resource on end of life care for healthcare practitioners who work with the terminally ill and their families *Living with Dying* begins with the narratives of five healthcare professionals who when faced with overwhelming personal losses altered their clinical practices and philosophies The book provides ways to ensure a respectful death for individuals families groups and communities and is organized around theoretical issues in loss grief and bereavement and around clinical practice with individuals families and groups *Living with Dying* addresses practice with people who have specific illnesses such as AIDS bone marrow disease and cancer and pays special attention to patients who have been stigmatized by culture ability sexual orientation age race or homelessness The book includes content on trauma and developmental issues for children adults and the aging who are dying and it addresses legal ethical spiritual cultural and social class issues as core factors in the assessment of and work with the dying It explores interdisciplinary teamwork supervision and the organizational and financing contexts in which dying occurs Current research in end of life care ways to provide leadership in the field and a call for compassion insight and respect for the dying makes this an indispensable resource for social workers healthcare educators administrators consultants advocates and practitioners who work with the dying and their families

Pain and Palliative Care in the Developing World and Marginalized Populations M.r. Rajagapol, 2004-03-31 Essential information for anyone involved in palliative care programs for deprived patients In this comprehensive resource leading healthcare professionals describe pioneering work on the front lines of pain and palliative care service planning and implementation for underserved populations *Pain and Palliative Care in the Developing World and Marginalized Populations A Global Challenge* explores the challenges and barriers preventing satisfactory pain management

for patients who urgently need it This book provides you with true accounts of palliative care programs from around the world to help you meet the needs of disadvantaged clients This essential volume includes a Foreword written by a world leader in palliative care Jan Stjernsward Former Chief of the Cancer and Palliative Care Program of the World Health Organization and currently International Director of the Oxford International Centre for Palliative Care in the United Kingdom Pain and Palliative Care in the Developing World and Marginalized Populations A Global Challenge addresses issues of vital importance for the global health care community such as Why do so many people in the developing world suffer excruciating pain for months and years when simple inexpensive medication could make them comfortable They get MRI scans why don't they have access to palliative care Why do some palliative care programs fail to reach the needy How could a palliative care delivery system be adapted to local needs Why are medical and nursing students not taught the fundamentals of pain management What direction should palliative care education take Could health care resources be channeled to deliver care in a more just and equitable manner This book chronicles the efforts of ambitious pain management care professionals to confront these questions working toward an end to needless preventable pain and suffering It examines their programs and acknowledges their successes and failures to date with commentaries by international experts This indispensable manual discusses palliative care programs in developing countries such as India Chile Argentina Saudi Arabia Thailand Hong Kong Malaysia and others Pain and Palliative Care in the Developing World and Marginalized Populations also offers an important look at pain management programs geared toward several specific underserved populations in both developing and developed countries including Native Americans and inmates in a New Zealand prison Illustrated with figures graphs and tables this book is essential for practitioners and officials in both palliative and public health care All proceeds from sales of this book will be used to support the growth of palliative care programs in India

A Good Dying Joan K. Harrold, Joanne Lynn, 1998 A Good Dying Shaping Health Care for the Last Months of Life examines the critical issues of improving the quality of health care for end of life patients You'll gain valuable suggestions and ideas for creating and maintaining policies that pertain to individuals with various diagnoses family structures and personal needs A Good Dying provides methods and examples that will help managers of health care focus on the needs of patients and make their last days as comfortable as possible Emphasizing the need for further education of health care professionals and the need for additional research A Good Dying offers possible solutions to the many barriers of improving conditions for the dying You will be able to directly apply the information in this book to fulfill and understand the needs of dying patients Specific topics covered include portraying death and dying through art and using examples that show how death can be perceived as either noble or dehumanizing emphasizing the benefits and conditions of life in hospice care educating physicians on the topics of pain management and making patients aware of pain relief treatments examining challenges to pain management evaluating the adequacy and completeness of individual health care measuring quality of life at the end of life by examining the physical

and emotional pain of the patient financial and emotional effects on the patient's family provider continuity and advanced care planning With contributions from physicians patients families nurses chaplains and insurers the chapters in *A Good Dying* offer you several different perspectives on strategies and policies needed to enhance the quality of life for the dying You'll receive innovative ideas program models and strategies for evaluating policies designed to help patients enabling you to offer better patient care Complete with current data and

Understanding Families George E. Dickinson, Michael R. Leming, 1995 The book will make you aware of differences in marriages and families alert you to diversity in the family stress that different does not necessarily mean better or worse and place the family in sociological historical and cross-cultural perspective The book focuses too on current and emerging social trends and on public policy affecting American families The book was written with the assumption that many readers will have no other sociology or perhaps social science courses This book is not a how-to cookbook on marriage and family issues but represents an approach evolving from theoretical frameworks and empirical research The book is designed primarily for undergraduate students Pref

The Continuum of Long-term Care Connie Evashwick, 1996 This vital text offers a conceptual framework for creating an ideal integrated continuum of care as well as concrete information about the components of the continuum as they exist today

Living, Dying, Death, and Bereavement (Volume One) David E. Balk, 2020-10-21 This two-volume book offers extensive interviews with persons who have made significant contributions to thanatology the study of dying death loss and grief The book's in-depth conversations provide compelling life stories of interest to clinicians researchers and educated lay persons and to specialists interested in oral history as a means of gaining rich understandings of persons' lives Several disciplines that contribute to thanatology are represented in this book such as psychology religious studies art literature history social work nursing theology education psychiatry sociology philosophy and anthropology The book is unique no other text offers such a comprehensive insightful and personal review of work in the thanatology field The salience of thanatology is obvious when we consider several topics including the aging demographics of most countries the leading causes of death the devastation of COVID-19 the realities of how most persons die the growth both of hospice and of efforts within medicine to ensure that a good death becomes the norm of medical practice and increases in the number of countries and states permitting physician-assisted suicide Volume One includes conversations with 21 thanatologists and an introductory chapter in which the author provides an overview of the project and offers reflections on what these thanatologists have told him The experts interviewed here include Robert Fulton Sandra Bertman Bill Worden Charles Corr Sister Frances Dominica Myra Bluebond Langner Nancy Hogan Robert Neimeyer Ken Doka and Donna Schuurman

Public Welfare, 1991

Understanding Dying, Death, and Bereavement Michael R. Leming, George E. Dickinson, 1994 A multidisciplinary approach to a range of topics in social thanatology for undergraduate students and students in professional courses in medicine nursing mortuary science and pastoral counseling Covers the social meaning of dying and death understanding death attitudes developmental

perspectives on death religion and attitudes and the dying process This third edition includes new material boxed inserts illustrating issues in the text chapter summaries and discussion questions Annotation copyright by Book News Inc Portland OR Omega ,1999 **Understanding Dying, Death & Bereavement** Michael R. Leming,George E. Dickinson,1998 This work approaches the subject of death and dying from a social psychological perspective while examining the social meanings of dying and death It addresses such issues as religion and death attitudes the dying process euthanasia bereavement burial practices and death perceptions from childhood through older adulthood This edition has been updated to include information and statistics on death etiology and life expectancy *The Relationship Between Grief and Depression in a Group of Polio Survivors* Timothy Ting-Kuo Chiang,1995 *Community Resources for Older Adults* Robbyn R Wacker,Karen A Roberto,Linda E Piper,2002-06-05 By the year 2030 older Americans will make up nearly one quarter of the population The rapid growth of this population segment puts increased importance on the analysis of existing social policy regarding the responsibilities of caring for older adults This book provides a comprehensive overview of current community resources available to elderly Americans including both public and private programs While knowledge of the community resources that are available is vital the authors also stress the importance of the theoretical knowledge that will assist in understanding the social and psychological dynamics of help seeking behavior Deeper understanding of the social and psychological needs of the elderly and their families as well as the services that are available them will better prepare students and practitioners to take advantage of resources available to their clients New to this Edition The Second Edition includes updated information about various programs and services including the newly authorized Older Americans Act and changes in Social Security and Medicare In addition new information about health care for retired veterans updated best practices and Web resources are provided Features and Benefits Provides an overview of legislation that provides the foundation for the aging network A discussion of theories that help predict service use thus offering readers a framework for understanding why older adults do or do not use services Provides case studies that encourage critical thinking about the delivery and use of community resources Chapters that contain descriptions of both public and private programs and services available to older adults in depth reviews of the current body of empirical literature in each program area and discussions of the challenges programs and services will face in the future Includes Best practice examples of community programs from around the country that illustrate unique ways to meet the needs of older adults Lists national organizations and Internet resources for each topic area Includes learning activities that challenge students to explore the community resources that exist in the reader s locale Encyclopedia of Public Health: A-C Lester Breslow,2002 *The Cumulative Book Index* ,1990 A world list of books in the English language
