Disputation And Dialogue Readings In The Jewish Christian Encounter:

Disputation and Dialogue Frank Talmage,1975 *Paul's Conundrum* Amy Karen Downey,2011-01-01 Paul is a polarizing figure in biblical history He was stubborn He was opinionated He was an obstinate man Many women distrust him because some of the language in today s world appears to be misogynistic and advocating for the suppression of women Others accuse him of being in favor of slavery However it is to his own Jewish people that Paul creates the most antipathy and the most divisiveness Was Paul an anti Semite Was Paul a self hating Jew Was Paul misunderstood and wrongly accused This is the debate that has been raging for almost two millennia Paul s Conundrum seeks to answer these questions through an analysis of his two most controversial passages 1 Thessalonians 2 13 16 and Romans 9 1 5 Amy Downey has sought to reconcile these passages through a conservative evangelical approach that not only considers the Jewish man Paul but also Paul the Apostle of Messiah Jesus Downey considers the historical setting of the two passages analyzes the exegesis of the passages in question and seeks to respond to three separate but unique theological controversies that arise out of these letters Hopefully by the end of this book the reader will be left with only one question Just how far was Paul willing to go to realize the salvation of the Jewish people

Politics of Polemics: Marcin Czechowic on the Jews Magdalena Luszczynska,2018-11-05 The works of Marcin Czechowic 1536 1613 a leader of a Polish Radical Protestant sect known as the Arians are often referred to as proof for the Jews close contacts with Radical Christians and the tolerant character of interreligious debates in early modern Poland In *Politics of Polemics* Magdalena Luszczynska explores Arian Jewish relations focusing on Czechowic s two polemics that utilise contrasting images of the Jew The first features an invented interlocutor a spiritually blind tradition bound hermeneutical Jew while the second engages in depth with Jewish texts beliefs and practices drawing on the Christian Hebraist perception of the Jews as potential teachers of sacred philology The works are analysed in the context of Radical Protestant theology the tradition of Christian Jewish polemics and Arian leadership contest *Politics of Polemics* providing an English speaking reader with an unprecedented access to this unique polemical material is a valuable source for the historians of the Radical Reformation and of Christian Jewish relations in early modern Poland

Maimonides's Yahweh Amy Karen Downey,2019-03-20 The life of Moshe ben Maimon Maimonides remains a mystery to many within evangelical Christianity However he is lauded as a second Moses by many within modern Judaism Does he deserve that title Maimonides s *via negativa* created a rationale for rejecting the messiahship claims of Jesus in Rabbinic Judaism Therefore this book seeks to illustrate that Maimonides in his desire to create an anti Christian apologetic regarding the incarnation fashioned a Judaism that does not reflect the truths of the Tanakh Old Testament and developed a Judaism that was untenable for the Jewish people of the twenty first century Many Jewish people today are turning in a thousand and one different directions for spiritual answers but not in the only way that will offer the way to God Jesus of Nazareth John 14 6 This work examines the history of Maimonides his teachings and an apologetic approach to bring the gospel back to the

Jewish people Rom 1 16 *The History of Jews and Judaism* Alan T. Levenson,2025-01-23 Corrects the most common enduring and pernicious misconceptions about Jews and Judaism **Strange and Gaudy Fruit** Jeff Nicoll,2023-05-09 The history of Christianity includes many doctrines adopted and actions taken to meet immediate problems but which had unintended consequences they are bad fruit Matt 7 15 20 The oldest is antisemitism which arose from the competition of the early church with early Judaism It was built into the New Testament and was developed by the church fathers Having learned to dehumanize it was easy to apply the same techniques to other groups the church became complicit with enslavement misogyny and other forms of oppression One response to the bad fruit is to reject religion in the manner of Christopher Hitchens However the dogmas are part of our culture even if in secular form If the roots of marginalization are not understood they cannot be eliminated This work uses a range of critics and defenders of traditional Western Christianity to identify poisonous fruits and detoxify them The critical voices do not create a consensus Nevertheless a core can be perceived what Erasmus called the few truths Grounded in the religious tradition they can be shared with secular people as a basis for an ethical merciful and respectful society Although the history of Christianity is bloody there are ways to go forward
