Distancing Of God:

Our Distance from God James D. Herbert, 2008-03-18 In this encounter between reflections on Christian theology and the history of art and music James D Herbert considers how specific works of art establish a relation between the divine and the earthbound audiences for whom the art was created He looks at five case studies over four centuries the architecture and artworks that glorified Louis XIV at Versailles the interaction of libretto and music in Richard Wagner s Ring of the Nibelung Claude Monet s enormous paintings of water lilies mounted at the Orangerie of Paris in 1927 the inaugural performance in 1962 of Benjamin Britten s War Requiem at the new Anglican cathedral in Coventry and Robert Wilson s recent installation based on the Passion 14 Stations God's Absence and the Charismatic Presence Roy D. Kindelberger, 2017-05-17 The author s theological inquiry is intended to raise questions of interpretation within the camp of openness theology and to direct a discussion on the implications of this movement for the charismatic Pentecostal community Open theism or openness theology affirms that the universe is open the future is not settled God is essentially relational love and the risks of love and the threats against it are real The author digs deep into this area of doctrine in order to question how far openness theology is willing to go Is it only the future that is open to God or are there perhaps unknown aspects to the past and present as well What does God know about sin and when does he know it Is it possible for God to be totally absent from a person s life or even from an entire nation If God can be absent can he also be exceptionally present in the lives of believers What would the divine presence and the charismata spiritual ministries look like in an open universe Nearer to God Wayman Jr. Ming, 2021-07-06 Eliminate the Spiritual Distance between You and God Do you feel far from God Perhaps you desire nearness but you end up filling your calendar instead of communing with the Savior Wayman Ming Jr will show you how daily interruptions are divine opportunities to evaluate your life and close the spiritual gap between you and God If you have become too comfortable in the daily practice of your faith or you are on a quest to go deeper this book will help you draw near to your Creator and pursue His heart with passion as you identify and remove obstacles in finding God deepen your roots of daily prayer and devotion find peace and hope in God s presence amid trials develop spiritual rhythms with the Holy Spirit hunger for personal revival and spiritual awakening in our culture God is reforming how we think and act as followers of His Son The Holy Spirit will empower your full pursuit of what matters most and help you align your life with His plans for your good While God s interruptions in our lives often do not make sense to us He desires that we seek Him in all circumstances good bad and ugly Nearer to God challenges us to see these interruptions as invitations to a closer walk with God Pastor Samuel Rodriguez president National Hispanic Christian Leadership **The Best Match; Or The Soul's Espousal to Christ: Opened and Improved** Edward Pearse, 1873 **Worldviews and Christian Education** W. Shipton, E. Coetzee & R. Takeuchi, 2013 Christ s instruction to his disciples was to witness to others about his plan of salvation This may be relatively easy when it involves our contemporaries and peers But when we are working with people from a different

cultural background or belief system it can be difficult or seemingly impossible In *Worldviews and Christian Education* editors W A Shipton E Coetzee and R Takeuchi have brought together works by experts in cross cultural religious education The authors and editors have a wealth of personal experience in presenting the gospel to individuals with various worldviews that differ greatly from those held by Christians who take the Bible as authoritative They focus on the beliefs and issues associated with witnessing to seekers for truth coming from backgrounds as diverse as animism Buddhism Confucianism Hinduism Islam Marxism Taoism and postmodernism The emphasis is on educational settings but the sensitivities highlighted and lessons learned are applicable to situations outside this area Leaders pastors teachers and laypersons will find valuable conceptual models practical ideas and bibliographic references presented here *Worldviews and Christian Education* challenges all readers to be faithful to the biblical worldview and to approach everyone with sensitivity so that like the apostle Paul they may reach some

Past and Present Political Theology Dennis Vanden Auweele, Miklos Vassányi, 2020-04-02 This book demonstrates how discussions of Political Theology have been a constant feature throughout philosophical modernity and that they continue to impact contemporary political debates By tracing the historical roots and detailing the contemporary outworking of Political Theology in Europe it contends that this growing field requires a broader canon in order for it to mature Political Theology is shown here to be about the diversity of relationships between religious beliefs and political orientations First engaging with historical debates chapters re examine the relationship between personal conviction and societal orientation on such topics as the will to believe evil individualism the relationship between church and state and the relationship between belief and natural science The volume then establishes the relevance of these debates for the present day As such it invites engagement on the back and forth between religion and politics in a liberal democracy and a communist state on how communitarianism relates to religious language on the diversity of Christian and Jewish political theology and the politics of toleration By broadening out the field of Political Theology this book offers the reader a more nuanced understanding of its sustained influence on public life As such it will be of interest to academics working in Political Theology but also Theology Philosophy and Political Science more generally

When God Feels Far Away Jamie Rasmussen,2021-10-12

Have you ever felt far away from God Though many Christians are convinced they can t admit that if you re feeling distant from God you re not alone In fact honesty about divine distance is an important first step back to the presence of God The truth is we all go through seasons when prayers seem futile worship feels empty or we feel lonely wondering if God cares or even knows what we re facing When those seasons come and our familiar spiritual routines are no longer working how can we recover the closeness with God that we crave With transparency and a pastoral heart Jamie Rasmussen reveals eight ways to navigate divine distance and experience the nearness of God again After unpacking why God sometimes feels so far away he mines the riches of the book of Esther for principles that are available to us today The result is an intimate and practical guide to navigating seasons of divine distance so we can once again feel closer to God
