The Palgrave Handbook of Transnational Women's Writing in the Long Nineteenth Century Claire Emilie Martin, Clorinda Donato, 2024-03-14 This handbook explores the rich and as yet understudied field of women's writing during the nation building years that characterized the global politics of the long nineteenth century In the wake of the American and French Revolutions the waning of the Spanish Empire subsequent Latin American uprisings and the Italian Risorgimento nineteenth century women writers cracked wide open the myths of gender race and class that had sustained the ancien régime This volume shows that the transnational networks of women writing about politics sexuality economics and the forging of the modern nation were much broader and more inclusive at a global level than has previously been understood The handbook uniquely foregrounds French Italian Latin American and Spanish women writers focusing on the transnational nature of their relationships and cultural production within a growing body of research that casts an ever wider net in the effort to document women's voices

Victorian Women Writers and the Woman Question Nicola Diane Thompson, 1999-07 This book was first published in 1999 This collection of essays by leading scholars from Britain the USA

and Canada opens up the limited landscape of Victorian novels by focusing attention on some of the women writers popular in their own time but forgotten or neglected by literary history. Spanning the entire Victorian period, this study investigates particularly the role and treatment of the woman question in the second half of the century. There are discussions of marriage, matriarchy, and divorce; satire, suffragette writing, writing for children, and links between literature and art. Moving from Margaret Oliphant and Charlotte Mary Yonge to Mary Ward, Marie Corelli, Ouida, and E. Nesbit, this book illuminates the complex cultural and literary roles and the engaging contributions of Victorian women writers.

Women's Writing in Italy, 1400-1650 Virginia Cox, 2008-06-16 Winner 2009 Best Book Award Society for the Study of Early Modern Women Winner 2008 PROSE Award for Best Book in Language Literature and Linguistics Professional and Scholarly Publishing Division of the Association of American Publishers. This is the first comprehensive study of the remarkably rich tradition of women's writing that flourished in Italy between the fifteenth and early seventeenth centuries. Virginia Cox documents this tradition and both explains its character and scope and offers a new hypothesis on the reasons for its emergence and decline. Cox combines fresh scholarship with a revisionist argument that overturns existing historical paradigms for the chronology of early modern Italian women's writing and questions the historiographical commonplace that the tradition was brought to an end by the Counter Reformation. Using a comparative analysis of women's activities as artists, musicians, composers, and actresses, Cox locates women's writing in its broader contexts and considers how gender reflects and reinvents conventional narratives of literary change.

Japanese Women Writers Chieko Mulhern, 1994-10-10 Women have made many important contributions to Japanese literature since the Heian period 794-1192 when Murasaki Shikibu wrote her prose masterpiece *The Tale of Genji*. Even earlier, though documentation is scant, women actively participated in Japanese letters as poets. This reference is a guide to the work of Japanese women writers from centuries ago to the present day. The volume includes 58 alphabetically arranged biographical and critical profiles of these women. The book profiles women writers who are considered mainstream writers in Japan and who have attracted attention in the West chiefly through translations of their works and critical scholarship on their writings. Each entry discusses the subject's life, career, major works, and works in English translation. A bibliography concludes each article. While most of the women are poets, novelists, or authors of classical narrative fiction, the book also includes entries for premodern diarists, modern dramatists, television script writers, and movie scenario writers. An extensive bibliography and chronology conclude the volume.

The Booklist Books, 1930 Contains general literature, fiction, children's books, technical books.
