## **Diversity Or Disunity Reflections On Lambeth 1998:**

**Diversity Or Disunity?** James E. Solheim,1999      **Anglican Communion in Crisis** Miranda Hassett,2009-01-10 The sign outside the conservative white church in the small southern U S town announces that the church is part of the Episcopal Church of Rwanda In Anglican Communion in Crisis Miranda Hassett tells the fascinating story of how a new alliance between conservative American Episcopalians and African Anglicans is transforming conflicts between American Episcopalians especially over homosexuality into global conflicts within the Anglican church In the mid 1990s conservative American Episcopalians and Anglican leaders from Africa and other parts of the Southern Hemisphere began to forge ties in opposition to the American Episcopal Church s perceived liberalism and growing toleration of homosexuality This resulted in dozens of American Episcopal churches submitting to the authority of African bishops Based on wide research interviews with key participants and observers and months Hassett spent in a southern U S parish of the Episcopal Church of Rwanda and in Anglican communities in Uganda Anglican Communion in Crisis is the first anthropological examination of the coalition between American Episcopalians and African Anglicans The book challenges common views that the relationship between the Americans and Africans is merely one of convenience or even that the Americans bought the support of the Africans Instead Hassett argues that their partnership is a deliberate and committed movement that has tapped the power and language of globalization in an effort to move both the American Episcopal Church and the worldwide Anglican Communion to the right

**Anglican Women on Church and Mission** Judith Berling,2013-03-01 In the past several decades the issues of women s ordination and of homosexuality have unleashed intense debates on the nature and mission of the Church authority and the future of the Anglican Communion Amid such momentous debates theological voices of women in the Anglican Communion have not been clearly heard until now This book invites the reader to reconsider the theological basis of the Church and its call to mission in the 21st century paying special attention to the colonial legacy of the Anglican Church and the shift of Christian demographics to the Global South In addition to essays by the volume editors this 12 essay collection includes contributions by Jane Shaw Ellen Wondra and Beverley Haddad among others

**The Anglican Communion at a Crossroads** Christopher Craig Brittain,Andrew McKinnon,2018-04-17 Worldwide debates over issues of sexuality and gender have come to a head in recent years in mainline and evangelical churches with the Anglican Communion a worldwide network of churches that trace their practice to Canterbury and claim some 85 million members among the most publicly visible sites of contestation This thorough and compelling analysis of the conflicts within the Communion argues that they are symptoms of long simmering issues that must be addressed when Anglican bishops and archbishops meet at the 2020 Lambeth Conference To many the disagreements over such issues as LGBTQ clergy same sex marriage and women s ordination suggest an insurmountable crisis facing Anglicans one that may ultimately end the Communion Christopher Craig Brittain and Andrew McKinnon argue otherwise Drawing on extensive empirical research and

interviews with influential Anglican leaders they show how these struggles stem from a complex interplay of factors notably the forces and effects of globalization new communications technology and previous decisions made by the Communion In clarifying both the theological arguments and social forces at play as the bishops and primates of the Anglican Communion prepare to set the Church s course for the next decade Brittain and McKinnon combine sociological and theological methodologies to provide both a nuanced portrait of Anglicanism in a transnational age and a primer on the issues with which the Lambeth Conference will wrestle Insightful informative and thought provoking *The Anglican Communion at a Crossroads* is an invaluable resource for understanding the debates taking place in this worldwide community Those interested in Anglicanism sexuality and the Christian tradition the sociology of religion and the evolving relationship between World Christianity and churches in the Global North will find it indispensable [A Thorn in the Flesh](#) Caroline J. Addington Hall,2026-01-08 Activist Episcopal priest offers a comprehensive history of the valiant push toward inclusivity and equality for LGBTQ members of the Episcopal Church during the past fifty years [A Church for the Future](#) Harold T. Lewis,2007-10-01 Examines current issues facing the Anglican Communion through the prism of the history of the Southern African church and people Through this combined narrative of the global and local church the author offers a remarkable story combining history race class and culture in Africa He traces the paradigm shift in Anglicanism as its vitality moves beyond the borders of England and America to the global South with all the theological implications Today South African Anglicanism attempts a middle way through crucial issues like HIV AIDS poverty and human sexuality Ideal for those interested in inculturation the intersection of church culture and ethnicity **The Living Church** ,1999 [The Episcopal Church in Crisis](#) Frank G. Kirkpatrick,2008-06-30 The current debate in the Episcopal Church in the United States ECUSA over its relationship with the worldwide Anglican Communion has been building for some time Some Episcopalians including priests bishops and dioceses have broken or are considering breaking their historic affiliation with the current authoritative bodies of ECUSA because they believe they have betrayed the historic teachings and morality of the Anglican tradition The author places this emerging crisis in context historical moral theological cultural and ecclesiological He explores how the rift between Episcopalians in the United States originated how it is being played out now in the rift between the official representatives of ECUSA and the Anglican Communion what the arguments are for and against all sides and what are the prospects for either reconciliation at some level between the opposing parties or deepening schism in the future Kirkpatrick explores the variety of contentious issues rather than focusing just on the one that gets the most media attention homosexuality The crisis in the Church goes much deeper than that however and involves issues of church tradition and biblical authority The author provides necessary background but focuses primarily on the events that have occurred since 2003 when ECUSA approved the election and consecration of an openly gay bishop While the situation continues to evolve and change the book provides readers with an up to date account of the history of the crisis an analysis of the conflicting
