H. Henry, 1999-01-25 A monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done An Evangelical Spiritual Theology Jamin Goggin, 2025-11-21 What are the distinguishing markers of evangelical theology What does an evangelical account of spiritual theology look like In *An Evangelical Spiritual Theology* Goggin presents Donald Bloesch as a model of evangelical spiritual theology whose dogmatic project provides intriguing answers to these questions The doctrine of the Christian life definitively shapes Bloesch's theological identity and work For Bloesch the Christian life is a materially distributed doctrine that is presupposed and pervasive throughout the whole of his theological system This emphasis on the Christian life establishes Bloesch's unique location as a spiritual theologian on the landscape of evangelical theology Goggin's monograph is the first exhaustive treatment of Bloesch's entire theological project Those interested in Bloesch's work will find it to be a rich resource to explore various dimensions of his dogmatic project *A Critical Examination of the Doctrine of Revelation in Evangelical Theology* Carisa A. Ash, 2015-07-14 How God reveals himself is an important matter for Christians especially evangelicals For too long Carisa Ash contends evangelicals have rightly affirmed that God reveals through the created world but then they functionally neglect such revelation In this monograph Ash offers a corrective to this practice by presenting a theology of revelation that explores the commonalities between various forms of revelation world written and spoken word and Incarnate Word Particularly aimed at theologians interested in theological method Ash's study will also benefit people interested in faith and learning or interdisciplinary integration Ash argues that evangelicals must strive to align more closely their affirmations and their practice Her critique of current practices in theological method and integration along with the proposed theology of revelation are designed to help move the conversation forward *Scripture: A Guide for the Perplexed* William R S Lamb, 2013-11-21 Given the extraordinary richness and range of contemporary theology questions about the authority and inspiration of the Bible tend to garner ever increasing variety complexity and controversy Among those challenges include the questions posed by biblical criticism to the enterprise of Christian theology and the place of scripture in the life of the contemporary church Employing a range of conversation partners this book will provide an up to date survey of the diverse ways in which contemporary theologians use the Bible to think with The volume enables students to compare

different approaches to the reading of scripture It also explores the ways in which the theological interpretation of scripture can be both a critical and a spiritual exercise **Religion, Revelation & Reason** Eric Rust,1981 This book begins with a general consideration of religious experience and moves to a defense of the Christian revelation as the normative one for all other divine disclosures This means that increasingly the book moves towards a defense of theistic thought as contrasted with other religious systems This emphasis on the approach to the understanding of God typical of the Judaeo Christian and Islamic traditions has meant a preoccupation with issues particularly significant for this way of thinking the nature of man the understanding of the creative process the problem of human survival beyond death and the mystery of evil I have however brought in the views of other religious systems and offered a critique of their relationship to the theistic position Wherever thought has moved to the specific content of the Christian disclosure in Jesus Christ I have stopped short Philosophy of religion and theistic philosophy in particular are only prolegomena to the task of the Christian theologian
