*The Divine Family* William K. McDonough, 1963      *The Divine Family: The Trinity and Our Life in God* William K. McDonough, 1963      *Asian Christian Theology* Timoteo D. Gener, Stephen T. Pardue, 2019-07-31 Asian Christian Theology provides a survey of contextually reflective robustly evangelical theology for students to engage with the core doctrines of Christianity and their outworking in different cultures across Asia The contributors of the chapters come from all corners of Asia to systematically examine traditional doctrinal themes and contemporary concerns for the Asian church Ideal for use as a companion textbook in Asian seminaries and institutions this book will also provide excellent further reading for those outside of Asia seeking global theological perspectives and for those in contexts of significant Asian diaspora Many excellent books surveying theology exist but this book is a major step forward for students and scholars seeking to understand the dynamic environment of evangelical theology in Asia      *The Anglican Imagination* Robert Boak Slocum, 2016-03-03 The variety and depth of Anglican theology is best engaged through personal encounter with its many sources the theologians and theological witnesses themselves Anglican theology is often worked out in personal terms that provide a synthesis between reflection on the truths of faith and the particular contexts of culture and life This book presents modern Anglican theology through a unique gallery This theological gallery includes a portrait or sketch of ten Anglican writers DuBose Farrer Stringfellow Brooks Kemper DeKoven McCord Adams Polkinghorne Gore and Macquarrie Theological description interpretation and application are included for each with the presentations differing as widely as the theologians and theological witnesses themselves Drawing together understandings and experiences of faith this will be an invaluable resource for students of Anglican theology and anyone who seeks to understand the distinctive perspectives and contributions of Anglicanism relative to living faith and daily life      *The Trinity in Asian Perspective* Jung Young Lee, 1996 In order to grasp this fact we need different conceptual categories not only with which to view God but all of reality      **The American Ecclesiastical Review** Herman Joseph Heuser, 1963      *The Catholic Catechism* John Hardon, 2011-01-12 This volume is intended to meet a widely felt need for an up to date and concise source book on the principal teachings of the Catholic Church Since the close of the Second Vatican Council there has been such an accumulation of ecclesiastical constitutions and decrees and so many changes they introduced in Catholic practice that few people have been able to keep up with all that has happened A parallel purpose of this volume is to offer those who use it a handy guidebook of the Catholic tradition whether formally documented in ecclesiastical sources or implicitly accepted by the faithful under the aegis of the Church's hierarchical leaders The method followed in presenting the Church's doctrine is a combination of history and logic Doctrines are placed into a historical framework by tracing their origins to the Old and New Testaments and placing their development within the context of persons places and times The doctrine thus becomes more intelligible because it is viewed in the setting of its vital growth over the centuries The intended reading audience of this Catholic catechism are all those

priests religious and laity and above all parents and teachers who are looking for a concise statement of the faith they profess the conduct they practice and the worship they give to the Lord From The Catholic Catechism by John A Hardon S J     **The Soul of the Earth** Samuel A.
