Toward a Catholic Theology of Nationality Dorian Llywelyn, 2010-06-28 Nationality continues to be an important part of how people identify themselves and others Who am I is inseparable from the question Who and what are we Historically many nations have made use of the Bible and Christian notions to understand themselves and to justify their political ambitions Catholic theology however has never elaborated on a systematic treatment of nationality Dorian Llywelyn forges a new approach treating the nation as a form of culture He addresses some key questions How are the religious and national aspects of human identity connected What does Catholic doctrine have to say about nationality and nationalism Is there really such a thing as a Christian nation Is Catholicism compatible with patriotism Llywelyn s wide ranging book introduces the reader to contemporary approaches to nationality nationality national identity nationalism and patriotism Drawing from the insights of sociology history and anthropology he investigates the many ways in which nations and Christianity have intertwined and explores what scripture and twentieth century papal teaching have to say on the matter He provides an original Catholic theology of national belonging one which is based on the implications of the Incarnation Examining popular devotions to the Virgin Mary as national patroness and drawing from the metaphysical

Power and Image in Early Modern Europe Jessica Goethals,Valerie McGuire,Gaoheng Zhang,2008 Are images and spectacles fundamental mediators of power relationships in the West This book draws upon the language of cultural studies to investigate a contemporary hypothesis in the shifting ideological landscape of early modern Europe Apparently aesthetic choices by artists may also have been the means to consolidate and subvert institutionalized or non institutionalized bodies of power Meanwhile communities in Europe reacted to the intrinsic power of the image in literature and letters commenting upon both its use and abuse Both diachronic and geographic connections are made among disparate but important moments

of image making in the twelfth through seventeenth centuries The influence of Descartes is traced from La Rochefoucauld and the communal spectacles of the Ancien R c gime salon to the Netherlands and Rembrandt TM s sketch Death of the Virgin Shakespeare bears similar anxieties about Joan of Arc TM s transgression of gender boundaries in Henry VI as does Castiglione TM s Courtier when serving the Renaissance Prince Spenser TM s dilemma about the non difference between fiction and history resolves itself in the same way as does the Byzantine rejection of iconoclasm Other articles in the collection examine anomie in Vatican frescoes by Giorgio Vasari corporeal decay and the supernatural as spectacle on the early modern English stage and affective self perception and subjectivity in the scoring of Italian opera not as just a conference volume but as an organic group of essays on early modernity The essays span an impressive number of cultures from Byzantium to England Italy and Spain to the Netherlands and theorize the image from a number of disciplinary vantage points Not surprisingly art history and theatre are well represented but so are music history and literary studies Most of the essays are short but sufficiently developed to allow for thoughtful arguments on the status of the visual in early modern culture on the stage on the page and as artistic and musical representation they do deliver fine close readings and leave me sufficiently intrigued to want to return to or familiarize myself with the original texts I come away from this collection encouraged about the state of graduate studies in Europe and North America Jane Tylus Professor of Italian and Comparative Literature and Vice Provost for Academic Affairs New York University The essays are interdisciplinary and touch upon many themes that lie outside my own field of specialization I was therefore surprised and pleased to find them not only original and instructive but also inviting and accessible to the non specialist Although they range far with respect to chronology and theoretical suppositions they are coherently united in their concern for the functioning of the image in the conservation revision or critique of socio political power in their respective cultural contexts I will mention three essays representing three different fields as striking examples of disparate images used to consolidate reconstruct or overthrow the dominant powers of their times Kathryn Falzareno s essay Mother s Milk and Deborah s Sword is a close reading of Shakespeare s portrayal of Joan of Arc in Henry VI It is a close analysis of the paradoxical status of Joan Saint of the French strumpet for the English Christian warrior maiden contrasting with Deborah in the Ancient Testament The dominant and totally unexpected image which brings together the contradictions embodied by Joan are the breasts the source of nurture in the figure of Mary but an encumbrance for the mythological amazons who removed one breast to facilitate their use of the bow Ljubica Ilic s Echo and Narcissus Labyrinths of the Self is an elegant reading of echo music the apparently impossible translation of the Ovidian story into music and opera Ovid s story represents the nymph Echo as the auditory equivalent of Narcissus reflection echoing sound as reflecting light Ovid s echo myth undoubtedly influenced opera by Jacopo Peri during the time of the Medici and then Monteverdi in the musical setting of Orfeo Finally Elissa Auerbach s Taking Mary s Pulse Cartesianism and Modernity in Rembrandt s Death of the Virgin is a brilliant commentary on the Dutch painter s rendering of an ancient theme the

dormition of the Virgin but at the center of the painting is the figure of a physician taking the pulse of her limp hand The intrusion of this scientific element in the ancient iconography of the event of Mary's death is the unmistakable sign of the wave of modernity that swept over the Netherlands with the popularity of Cartesian philosophy and science John Freccero Professor of Italian and Comp Lit NYU *U.S. Catholic Historian*, 2005 **Icons Or Portraits?** Ena Giurescu Heller, 2002 Heller traces the artistic tradition of picturing Jesus and Mary analyzing how incongruous types gained acceptance over time **Art Now Gallery Guide**, 2002 *The Journal of Medieval and Early Modern Studies*, 2003 *Reluctant Partners* Ena Giurescu Heller, 2004 Its extensive bibliography essays treating the history of the field and individual case studies which demonstrate current methodologies by noted scholars in the field make this an invaluable resource to the university seminary and museum alike **The Art Bulletin**, 2002 Includes section Notes and reviews *Our Lady of Guadalupe* John F. Moffitt, 2006-08-08 According to legend on December 8 1531 the Virgin Mary appeared to the newly Christianized Juan Diego on the Mexican hill of Tepeyacac As proof of her divine visit she miraculously imprinted her image upon his mantle That image known as Our Lady of Guadalupe has become a symbol of national consciousness in Mexico and a talisman for Mexican Americans Yet its notable features include obviously European artistic techniques How is it that Renaissance styles are employed in a 16th century Mexican icon supposedly not made by human hands Looking beyond the divine explanation for the Lady's existence author John Moffitt uses historical and artistic detective work to determine the work's earthly origin Originally published in Spanish this volume provides an in depth study of Our Lady of Guadalupe It places the work within the context of art history as well as local contemporary events The mundane origin of the painting is fully traced and investigated as well as the proliferation of the legend which led to the eventual canonization of Juan Diego as the first native Mexican saint Appendices provide crucial related Spanish language texts by Miguel Sanchez 1648 and Luis Laso de la Vega 1649 originally published in Nahuatl Numerous illustrations are included **Women in the Middle Ages: K-Z** Katharina M.
