

DIVISION AND DETENTE
THE GERMANIES AND THEIR ALLIANCES

ERIC C. FREY

Division And Detente

Radio Free Europe

Division And Detente:

Détente United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe,1974 *Division and Detente* Eric G. Frey,1987 This new work analyzes the relationship between alliance politics and East West German relations Considering inter German relations to be an integral part of the larger political picture of European alliances *Division and Detente* examines the prospects of German reunification and the problems of autonomous East West detente in times of superpower tensions The book also covers the Soviet invasion of Afghanistan the Polish crisis in 1980 and the effects of NATO s deployment of intermediate range missiles in Europe Thorough and accessible it is an authoritative resource for anyone interested in inter German relations in particular or detente in general **Détente in Europe** John Van Oudenaren,1991 The monumental events in Eastern Europe and the Soviet Union must be understood Jan Van Oudenaren argues in the context of a process of East West d tente begun in 1953 in the aftermath of Stalin s death Van Oudenaren s comprehensive and timely study examines the development of Soviet Western d tente from the death of Stalin to the unification of Germany In redefining d tente as a process rather than a code of conduct Van Oudenaren looks to its origins in Soviet policy earlier than previously identified and analyzes both its history and character His study explores the restoration of four power negotiations in Germany and Austria in the mid 1950s their subsequent breakdown in the Berlin crisis their unexpected revival in 1990 in the form of two plus four talks on German unity and the future of the Soviet Union as a European power Among the key elements of d tente discussed are diplomacy particularly the role of summit conferences cooperation among parliaments political parties and trade unions arms control economic relations and links among cultural institutions churches and peace movements [Detente--prospects for Increased Trade with Warsaw Pact Countries](#) United States. Congress. House. Special Study Mission to the Soviet Union and Eastern Europe,United States. Congress. House. Committee on Foreign Affairs,1974 **Dynamic Détente** Stephan Kieninger,2016-03-23 This book examines the dynamic evolution of Western d tente policies which sought to transform Europe and overcome its Cold War division through more communication and engagement Kieninger challenges the traditional Cold War narrative that d tente prolonged the division of Europe and precipitated America s decline in the aftermath of the Vietnam War Rather he argues that policymakers in the U S Department of State and in Western Europe envisaged the stability enabled by d tente as a precondition for change as Communist regimes saw a sense of security as a prerequisite for opening up their societies to Western influence over time Kieninger identifies the Helsinki Accords Lyndon Johnson s bridge building and Willy Brandt s Ostpolitik as efforts aimed at constructive changes in Eastern Europe through a multiplication of contacts communication and cooperation on all societal levels This study also illuminates the longevity of America s policy of peaceful change against the background of the nuclear stalemate and the military status quo [West German Ostpolitik, the Soviet Union, and East-West Détente in Europe](#) Michael Borchard,Stefan Karner,Peter Ruggenthaler,Hanns Jürgen Küsters,2026-01-08 An exploration of how the d tente

policy changed the character of the Cold War *Germany and the Management of Détente* Philip Windsor,1971 Beskrivelse af Tysklands sp rgsms let med hovedv gten p Vesttysklands BRD forhold til sttyskland DDR

The Emergence of Detente in the Cold War Nemo Tronnier,2010-05 Research Paper undergraduate from the year 2009 in the subject Politics International Politics Topic Peace and Conflict Studies Security grade 2 0 Justus Liebig University Giessen Institut f r Politikwissenschaft course The East West Conflict language English abstract The ideological division between East and West communism and capitalism culminated in a nuclear arms race which had the potential to destroy the whole world After going through various crises which will be presented to you in this paper like for example the extremely dangerous Cuban missile crisis in 1962 the involved states realized that without a rapprochement on governmental level a competition for global predominance would potentially destroy the whole world One first step on the way to d tente was the installation of the Moscow Washington hotline The red telephone or the hei e Draht how we call it in Germany was approved by an agreement on June 20 1963 in Geneva Switzerland Other reasons for a political approximation were to be found in the domestic affairs of the U S A and the Soviet Union From the American perspective the debacle in Vietnam had by the late 1960 s proven costly in terms of life lost and the expenditures incurred while it had simultaneously undermined the United States prestige around the globe Weaknesses in the Soviet economy the need for access to Western markets and technology provided an additional rationale for Moscow s interest in Det nte

Cold War and Détente Paul Y. Hammond,1975 **Europe: the Cold Divide** Fergus Carr,2016-07-27 A useful examination of the degree to which a new Cold Divide separates Europe this book places NATO Russian relations within a wider analysis of post Cold War political social and economic divisions in Europe It compares and contrasts the interests and perceptions of Western Europe East Central Europe and Russia in the New European Order It analyses the role of the European Union NATO the OSCE and the WEU in mediating conflict and responding to the challenge of the new European security agenda

Détente and Confrontation Raymond L. Garthoff,1985 In this revised edition of the acclaimed 1985 volume newly declassified secret Russian as well as American materials are used as it reexamines the historical development of American Soviet relations from 1969 through 1980 The book takes into account both the broader context of world politics and internal political considerations and developments and examines these developments as experienced by both sides Copyright Libri GmbH All rights reserved *American Defense and Détente* Eugene Rosi,1973 *Cold War to Détente 1945-80* Colin Bown,Peter J. Mooney,1981 International affairs in the post war world have been dominated by the competition between Communist and anti Communist powers for hegemony in particular areas and for world influence in general

Ruling Communist Parties and Détente Jeffrey Simon,1975 **Détente** Radio Free Europe,1976 Interviews originally broadcast in 1973 75 over Radio Free Europe **Environment** **Détente** ,2003 *Détente in the Napoleonic Era* Hugh Ragsdale,1980 [The Meaning of Detente](#) United States. Department of State,1974 [European Détente](#) Kenneth H. F. Dyson,1986 **The Fall of Detente** Odd Arne Westad,1997

The relationship between the Soviet Union and the United States at the end of the 1970s was dominated by a series of conflicts over arms control issues and interventions in the Third World. In the end, the sum of these conflicts destroyed the framework of relaxation of superpower tension known as detente and ushered in a period of renewed Cold War rivalry in the early 1980s. It is now possible to look more closely at what happened in the relationship between Washington and Moscow in this era through recently declassified Soviet and American documents. This volume contains a number of interpretative essays from leading Cold War historians as well as some of the more important documents from Eastern Bloc and American archives. It centres on the SALT II negotiations, on conflicts in Africa, the Middle East and Afghanistan, and on bilateral issues such as trade and human rights.

Reviewing **Division And Detente**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing.
