Division Officers Guide Sixth Edition:

International Law for Seagoing Officers, 6th Edition Craig H Allen, 2014-05-15 For those who operate on under and over the sea international law can sometimes be as complex as it is important Written by the same former seagoing officer and maritime law professional who authored the current edition of Farwell s Rules of the Nautical Road this book was designed to bring clarity and context to international law for the seagoing professional Following an introduction to public international law and a short history of the law of the sea the book describes the rules that apply in ports and in the adjacent maritime zones including the territorial sea exclusive economic zone archipelagic waters and the high seas A highlight of the book are the chapters that focus on the subjects of greatest interest to the seagoing professional including military and intelligence activities in the maritime domain maritime law enforcement activities and the use of force at sea The appendices include the text of the 1982 UN Convention on the Law of the Sea Whether an academy cadet a midshipman a seasoned commanding officer or a master mariner readers of this thorough and timely book will be rewarded with a far greater understanding of the international laws that govern ships and mariners at sea

The U.S. Naval Institute on Naval Leadership Thomas J. Cutler, 2015-01-15 In the U S Navy Wheel Books were once found in the uniform pockets of every junior and many senior petty officers Each small notebook was unique to the Sailor carrying it but all had in common a collection of data and wisdom that the individual deemed useful in the effective execution of his or her duties Often used as a substitute for experience among neophytes and as a portable library of reference information for more experienced personnel those weathered pages contained everything from the time of the next tide to leadership hints from a respected chief petty officer to the color coding of the phone and distance line used in underway replenishments In that same tradition the new Naval Institute Wheel Books will provide supplemental information pragmatic advice and cogent analysis on topics important to all naval professionals Drawn from the U S Naval Institute s vast archives the series will combine articles from the Institute s flagship publication Proceedings selections from the oral history collection and from Naval Institute Press books to create unique guides on a wide array of fundamental professional subjects Leadership is vital to any highly functioning organization The Naval Institute has devoted countless pages of its publications to the subject of naval leadership providing start up guidance to neophytes giving voice to the accumulated wisdom and experience of those who have led and serving as a forum in search of answers to the many questions that have always been a part of this vital but sometimes elusive practice In the pages of this book are some of the most outstanding examples of this wealth of knowledge gathered for use by both would be and seasoned leaders in the never ending quest for strong and effective leadership

The Accidental Admiral James G. Stavridis, 2014-10-01 After he was selected to be NATO s sixteenth Supreme Allied Commander The New York Times described Jim Stavridis as a Renaissance admiral A U S Naval Academy graduate with a master s degree and doctorate from The Fletcher School of Law and Diplomacy at Tufts University conversant in both French and Spanish this author of numerous books and articles

impressed the Navy's leaders and senior Pentagon civilians with his wide range of interests educational background keen understanding of strategic doctrine mastery of long range planning and command of international affairs Since NATO had previously been led by generals Stavridis saw his assignment as the first admiral to take command as somewhat accidental As the American and NATO commander in Europe responsible for 120 000 coalition troops serving in fifty one nations on three continents and at sea he had come a long way since almost leaving the Navy for law school five years after receiving his commission The Accidental Admiral offers an intimate look at the challenges of directing NATO operations in Afghanistan military intervention in Libya and preparation for possible war in Syria as well as worrying about the Balkans cyber threats and piracy all while cutting NATO by a third due to budget reductions by the twenty eight nations of the alliance More than just describing the history of the times Stavridis also shares his insights into the personalities of President Barack Obama Secretary of State Hillary Clinton Secretaries of Defense Robert Gates Leon Panetta and Chuck Hagel Afghan President Hamid Karzai Generals David Petraeus Stanley McChrystal John Allen and many more Known as an innovator and an early adopter of technology and social media Stavridis ability to think outside the box and sail in uncharted waters is unmatched He shares his insights on leadership strategic communications planning and the convergence of threats that will confront the United States and its allies in the near future Stavridis is an advocate of the use of Smart Power which he defines as the balance of hard and soft power He explains that in creating security in the twenty first century it is critical to build bridges not walls and stresses the need to connect international interagency and public private actors to achieve security
