Divulging Utopia Radical Humanism In Sixteenthcentury England

Rachel S Tattersall

Divulging Utopia Radical Humanism In Sixteenthcentury England:

Divulging Utopia David Weil Baker,1999 Scrutinizing translations popularizations anti Utopias and theological debates David Weil Baker makes the case that the humanists of the English Renaissance were themselves reading More s Utopia Erasmus s Praise of Folly and other works of Continental humanism in far more politically radical ways than scholars have generally recognized **BOOK JACKET** *The Renaissance Utopia* Chloë Houston,2016-02-24 A study of European utopias in context from the early years of Henry VIII s reign to the Restoration this book is the first comprehensive attempt since J C Davis *Utopia and the Ideal Society* 1981 to understand the societies projected by utopian literature from Thomas More s Utopia 1516 to the political idealism and millenarianism of the mid seventeenth century Where Davis concentrated on understanding utopias historically Renaissance Utopia also seeks to make sense of utopia as a literary form offering both a new typology of utopia and a new history of European humanist utopianism This book examines how the utopia was transformed from an intellectual exercise in philosophical interrogation to a serious means of imagining practical social reform In doing so it argues that the relationship between Renaissance utopia and Renaissance dialogue is crucial the utopian mode of discourse continued to make use of aspects of dialogue even when the dialogue form itself was in decline Exploring the ways in which utopian texts assimilated dialogue Renaissance Utopia complements recent work by historians and literary scholars on early modern communities by providing a thorough investigation of the issues informing a way of modelling a very particular community and literary mode the utopia **Thomas More's Utopia in Early Modern Europe** Terence Cave,2008-12-15 This book provides the first complete account of all the editions of Utopia whether vernacular or Latin printed before 1650 together with a transcription of all the prefatory materials they contain The reception of the idea of Utopia in early modern Europe has been studied extensively before what has been lacking is a composite picture of how Utopia moved by means of translation from culture to culture and of the ways in which particular versions offered themselves to their readers Part I consists of a series of chapters which provide a contextual and interpretative framework for each national group of translations in Part II the substantive paratexts of all the extant translations of Utopia printed between 1524 and 1643 are reproduced both in the original language and in English translation The book also contains a chapter sketching the fortunes of the Latin paratexts and editions up to 1650 and a transcription of a single Latin paratext which has never to our knowledge been printed in modern times This book will be of interest to specialists in early modern cultural history and history of the book to graduate students working in these fields and to anyone for whom the extraordinary success of More s Utopia as a book published on the European market remains a perennial fascination [Poetry and Politics in the English Renaissance](#) David Norbrook,2002 This title establishes the radical currents of thought shaping Renaissance poetry civic humanism and apocalyptic Protestantism The author shows how Elizabethan poets like Sidney and Spenser often seen as conservative monarchists responded powerfully if sometimes ambivalently to radical ideas **Moreana** ,2006

Edward Said and Jacques Derrida Mina Karavanta, Nina Morgan, 2008 Features essays that invoke Said and Derrida's rigorous examination of humanism in their works This title addresses social change and political questions and analyzes humanism from the perspectives of literature theory history gender studies and art in view of the intellectual impact of Said and Derrida on contemporary philosophy

The Oxford Encyclopedia of British Literature David Scott Kastan, 2006 Volume 4 Modernism Percy Bysshe Shelley

The Journal of Medieval and Early Modern Studies, 2000 Eduardo Galeano Daniel Fischlin, Martha Nandorfy, 2002 Eduardo Galeano the single most important literary voice to come out of Latin America in the last decades

The Huntington Library Quarterly Henry E. Huntington Library and Art Gallery, 2007

Historical Abstracts, 2000 **Spenser Studies**, 2003 A Renaissance poetry annual **The Spenser Review**, 2002 American Book Publishing Record, 1999 *Current Contents. Arts & Humanities* Institute for Scientific Information, 2001

The Portable Queen Mary Hill Cole, 1999 The progresses were both emblematic of Elizabeth's rule and intrinsic to her ability to govern In this book Mary Hill Cole provides a detailed analysis of the progresses Drawing on royal household accounts ministerial correspondence county archives corporation records and family papers she examines the effects of the visits on the queen's household and government the individual and civic hosts and the monarchy of the Virgin Queen

BOOK JACKET **Spenser Newsletter**, 2001 *Word Against Word* James R. Siemon, 2002 James R. Siemon begins by examining the variety of accents discourses and behaviors that competed for the social space of early modern England He surveys Shakespeare and his contemporaries including dramatists poets and other writers in order to document early modern attitudes toward the implications of sociolinguistic behavior in a heteroglot environment While ranging broadly the book takes Richard II as an exemplary instance of Bakhtinian utterance showing the play to be despite its apparent thematic and formal unities an arena marked by struggles among competing groups and orientations with their socially defined languages and assumptions The figure of Shakespeare's King Richard emerges as a revealing example of a form of subjectivity constructed amid the demands of conflicting voices

BOOK JACKET *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences*, 2000 *Visions of the Future in Germany and America* Hermann Wellenreuther, Norbert Finzsch, 2001-10 Predictions about the world have the power to grip whole societies and shape the actions of many groups whether working in politics ecology or religion At the end of epochs and eras humans tend to reflect on the shape of things to come Most recently fears about the millennium bug had thousands rushing to stock up on candles and food in the weeks before New Year's Eve Concerns about the future have been expressed differently throughout history This book explores the historical context surrounding various debates decisions and beliefs about the future in recent centuries Religious political literary and ecological visions of the future in America and Germany are addressed comparatively In particular scholars from the United States and Germany explore the meaning of eschatological and utopian thoughts pursued during the last three centuries and tackle subjects ranging from

science fiction to religious radicalism utopian social experiments and visions of race relations This book delves into the hopes and fears for the future that have shaped the past and will be of interest to comparative historians as well as to historians of Europe and the United States intrigued by the subject of utopias
