**Dixie Mission: the United States Army Observer Group in Yenan, 1944** David Dean Barrett,1970      **Dixie Mission** David D. Barrett,1970      Army History ,2000      Shots in the Dark Jadwiga Biskupska,Sara B. Castro,2025-09-02

Brings together geographies and methodologies often kept apart by the difficulties of researching such a broad ranging topic as the war Shots in the Dark offers cutting edge scholarship across different subfields in World War II history revealing new insights into how this crucial conflict was planned experienced and fought Twelve chapters demonstrate the broad scope of wartime innovation and how the war functioned as a global turning point driving change at all levels of human society from government institutions to individual identities Contributors collaborated in a vibrant workshops series sponsored by the North American branch of the Second World War Research Group SWWRGNA an organization that emerged to nurture scholarship on the global war and unite scholars fragmented in narrower regional and methodological stovepipes to consider the war as a whole The SWWRGNA and this volume showcase the work of diverse historians across subfields operational cultural gender social intelligence and diplomatic history This approach exposes the Second World War as a catalyst for overlapping global changes that revolutionized the world after 1945 These scholars reveal continuities and parallels in wartime experiences that would remain invisible in narrowly focused projects The volume establishes three frameworks for understanding and interpreting changes the war provoked 1 institutional adaptation 2 totalization or the militarization of civilians and 3 cultural transformation Each of the three frameworks is explored from four vantage points Geographies are deliberately contrasted within each framework to examine the broad scope of that level of war driven change      **Studies in Intelligence** ,2019      World War II Spencer C. Tucker,2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes

of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research
