International Law reveals the general techniques concerning conflict of laws in China explains the detailed Chinese conflict rules for different areas of law and demonstrates how international civil litigation is pursued in China Clearly structured and written by a native Chinese scholar specializing in the field the book s easy to read style makes it accessible to a broad readership while its content makes it a useful reference guide especially for jurists and researchers [China, the Post-Mao View](#) Vidya Prakash Dutt,1981 Revision of papers presented at a national seminar on China organized by the Department of Chinese and Japanese Studies University of Delhi 1979 **China and Russia after the Ukrainian War** Tilman Pradt,2025-08-23 This book provides a comprehensive analysis of the status quo of Sino Russian relations against the backdrop of the war in Ukraine The war in Ukraine marks a turning point in international relations Russia has obviously underestimated the united stand of the West following its invasion of Ukraine The international isolation boycott of exports and Western economic sanctions will harm Russia s development in the long term And China Russia s most important political partner is confronted with a dilemma supporting Russia too visibly will further alienate its Western partners On the other hand Russia expects support from its strategic partner in a challenging situation like this Written in an easy and accessible style this book examines how both actors handle this difficult situation and outlines what the future of the China Russia partnership will look like *China's War with Vietnam, 1979* King C. Chen,1987 Why did the People s Republic of China and Vietnam two comrades and brothers engage in such a tragic war **Mediation in the People's Republic of China and Hong Kong (SAR)** Sarah E. Hilmer,2009 This book explores the mediation systems of mainland China and Hong Kong Although no mediation law currently exists in either system there are various provisions and institutional rules referring to mediation In order to understand the distinct legislative mediation approach in both systems the historical development of mediation is examined In addition the involvement of the judiciary and the mediation areas of the People s Republic of China PRC and Hong Kong are covered The author sets out the differences and similarities between the two systems and concludes that the one country two systems principle also applies to PRC s and Hong Kong s mediation systems one country two mediation systems As mediation is increasingly used to settle commercial disputes and as China s role in international commerce is becoming pivotal a book that specifically deals with mediation in China cannot fail to be of importance to anyone interested in mediation *China Daily Index* ,1990 [Summary of World Broadcasts](#) British Broadcasting Corporation. Monitoring Service,1992-11-02 [Far Eastern Economic Review](#) ,2000 *The Crab and Frog Motion Paradigm Shift* Peter Kien-hong Yu,2002-01-09 In Crab and Frog Motion Paradigm Shift Peter Kien hong Yu presents a dialectical approach to the study of Chinese Communist politics Yu demonstrates that the application of non dialectical approaches to the study of Chinese politics over the last eighty years is misguided due to ample evidence showing that Chinese political figures made use of a particular version of dialectics in their thought and actions Through case studies Yu demonstrates that the perception of reality in terms of dialectics and non dialectics makes a striking difference to political

analysis and shows that this framework of thought and action can be applied to any case word number letter or symbol This book was awarded a grant by the East Asian Research Institute U S October 2001 Southeast Asian Studies in China ,1981 Reports by Wang Gungwu and 7 other academics on their 1980 tour of China Appendix lists scholars met with names in Chinese characters when known **Asiaweek** ,1993-05 **Daily Summary of Japanese Press** ,2005
