Benjamin Constant Dennis Wood, 2002-09-11 For forty years I have defended the same principle freedom in everything in religion in philosophy in literature in industry in politics and by freedom I mean the triumph of the individual Constant thus summarized his beliefs at the end of his life A political theorist and a passionate defender of individual liberty he was also the author of one of the greatest French novels of psychological insight *Adolphe* In a major new biography Dennis Wood traces the development of Constant as a writer centrally preoccupied with the problematics of freedom not only in the fields of politics and religious belief but also in his own troubled relationship with several women **The Political Writings of Benjamin Constant** Benjamin Constant, 1988 **Benjamin Constant and the Birth of French Liberalism** K. Steven Vincent, 2011-01-12 This book advances a new interpretation of the timing and character of French and more broadly European liberalism and contributes to the ongoing debate concerning the place of morality sociability and conceptions of the self in modern liberal thought *A Passion for Democracy* Tzvetan Todorov, 2007 The French Revolution rang the death knell not only for a form of society but also for a way of feeling and of living and it is still not clear as yet what did we gain from the changes Benjamin Constant was one of the first to draw up this dark diagnosis We no longer know how to love neither to believe nor to want As a result Heaven no longer offers hope the earth dignity the heart refuge But is it enough to deplore it Constant does not think so and having become the first French thinker of democracy he undertakes to seek remedies to the problem a political framework that guarantees the dignity of the individual without dissolving the social bond a religion stripped of its oppressive forms a love finding the place which is due to values higher than all the thrones of the earth [Liberal Values](#) Helena Rosenblatt, 2011-05-26 Professor Rosenblatt presents a study of Benjamin Constant's intellectual development into a founding father of modern liberalism through a careful analysis of his evolving views on religion Constant's life spanned the Enlightenment the French Revolution Napoleon's rise and rule and the Bourbon Restoration Rosenblatt analyzes Constant's key role in many of this era's heated debates over the role of religion in politics and in doing so exposes and addresses many misconceptions that have long reigned about Constant and his period In particular Rosenblatt sheds light on Constant's major yet much neglected work *De La Religion* Given that the role of religion is once again center stage in our political philosophical and historical arenas *Liberal Values* constitutes a major revision of our understanding of the origins of modern liberalism **Benjamin Constant** Harold Nicolson, 1949 *Works by and about Constant* p 265 268 [Benjamin Constant](#) Elizabeth Wheeler Schermerhorn, 1970 An excellent portrait of a fascinating enigmatic figure in French history *Illus Benjamin Constant* Jean-Daniel Candaux, Benjamin Constant, Pro Helvetia (Foundation), 1997 **Adolphe and The Red Notebook** Benjamin Constant, 1959 **Benjamin Constant** Hippolyte
