Mary C. Austin, Esther C. Jenkins

Benjamin Banneker Genius Of Early America:

Benjamin Banneker, Genius of Early America Lillie Patterson, 1978 A biography of the distinguished eighteenth century black astronomer farmer mathematician and surveyor whose accomplishments include having published a popular almanac and constructed the first completely American made clock *Nineteenth-Century Science* A.S. Weber, 2000-03-10 *Nineteenth Century Science* is a science anthology which provides over 30 selections from original 19th century scientific monographs textbooks and articles written by such authors as Charles Darwin Mary Somerville J W Goethe John Dalton Charles Lyell and Hermann von Helmholtz The volume surveys scientific discovery and thought from Jean Baptiste Lamarck s theory of evolution of 1809 to the isolation of radium by Marie and Pierre Curie in 1898 Each selection opens with a biographical introduction situating each scientist and discovery within the context of history and culture of the period Each entry is also followed by a list of further suggested reading on the topic A broad range of technical and popular material has been included from Mendeleev s detailed description of the periodic table to Faraday s highly accessible lecture for young people on the chemistry of a burning candle The anthology will be of interest to the general reader who would like to explore in detail the scientific cultural and intellectual development of the nineteenth century as well as to students and teachers who specialize in the science literature history or sociology of the period The book provides examples from all the disciplines of western science chemistry physics medicine astronomy biology evolutionary theory etc The majority of the entries consist of complete unabridged journal articles or book chapters from original 19th century scientific texts **The Coretta Scott King Awards, 1970-1999** Henrietta M. Smith, 1999-06 Provides annotations of the winning and honor books biographies of prominent African American authors and illustrators and interviews with Jerry Pinkney and author Walter Dean Myers

Coretta Scott King Award Books Claire Gatrell Stephens, 2000-05-15 Here s a fresh opportunity to learn more about these fine titles and integrate them into the curriculum The first half of the book presents annotated bibliographies of all author and illustrator winners and honor books The entire second half of the book is devoted to activities including some reproducibles based on select titles During the past 30 years the titles recognized by the Coretta Scott King Award have consistently presented excellent writing storytelling history and values Stephens s book is designed to help educators learn more about these fine titles and integrate them into the curriculum After giving background about the award and its history the author presents annotated bibliographies of all author and illustrator award winners and honor books The second half of the book is devoted to providing activities based on specific titles Helpful tips and reproducibles make this a classroom friendly resource Eminent Americans Benson John Lossing, 1881 Black and Brown Planets Isiah Lavender III, 2014-09-25 *Black and Brown Planets* embarks on a timely exploration of the American obsession with color in its look at the sometimes contrary intersections of politics and race in science fiction The contributors including De Witt D Kilgore Edward James Lisa Yaszek and Marleen S Barr among others explore science fiction worlds of possibility literature television

and film lifting blacks Latin Americans and indigenous peoples out from the background of this historically white genre This collection considers the role of race and ethnicity in our visions of the future The first section emphasizes the political elements of black identity portrayed in science fiction from black America to the vast reaches of interstellar space framed by racial history In the next section analysis of indigenous science fiction addresses the effects of colonization helps discard the emotional and psychological baggage carried from its impact and recovers ancestral traditions in order to adapt in a post Native apocalyptic world Likewise this section explores the affinity between science fiction and subjectivity in Latin American cultures from the role of science and industrialization to the effects of being in and moving between two cultures By infusing more color in this otherwise monochrome genre *Black and Brown Planets* imagines alternate racial galaxies with viable political futures in which people of color determine human destiny

We the Black People: Untold Truths of Black American History Jude A. Elliott, 2025-05-17 It is important to the survival of a people their culture to have an accurate complete account of their history For way too long in United States History African Americans have been subjected to whitewashing segmented telling of their history until now *We the Black People Untold Truths of Black American History* changes this We begin at 1441 tell as comprehensive a story about the plight of Africans in the New World United States through the present We cover well known little known topics as well as analyze the role of white supremacy in the struggle for African Americans throughout the history of the United States Despite the challenges there were many successes in the Black Experience *We the Black People* is a book long overdue to expose the American citizenry to an aspect of its history long overlooked

Benjamin Banneker Charles A. Cerami, 2008-04-21 The first biography of a major figure in early US and African American history A household name and unparalleled hero revered in every African American household Benjamin Banneker was a completely self taught mathematical genius who achieved professional status in astronomy navigation and engineering His acknowledged expertise and superior surveying skills led to his role as coworker with the Founding Fathers in planning our nation s capitol Washington DC His annual *Banneker s Almanac* was the first written by a black and outsold the major competition In addition he was a vocal force in the fight for the abolition of slavery Yet despite his accomplishments there has been no biography of this important man until now Written by an author with strong ties across the Washington Maryland Virginia area where abolitionist societies revered Banneker this long overdue biography at last gives the hard earned attention this prominent hero and his accomplishments deserve
