H. Matthews, 1975 Forty seven short narratives by 24 surrealist writers **Surrealism and Ecology** Anne Marie Butler, Donna Roberts, Iveta Slavkova, 2026-01-06 *Surrealism and Ecology* is the first volume to consider the intersections of these two fields It addresses the contribution of the avant gardes in thinking about the relationship of humans with their environment in the context of massive environmental upheaval in the twentieth century This volume explores the significant role of Surrealist artists and writers within the history of critical thinking about nature and environment over the last hundred years It approaches ecology both as a mode of thinking about the many interconnections of life and as a way of experiencing and knowing the world The relationship of humans with their environment is of paramount significance within contemporary discourse and the contribution of the historical avant gardes to this topic remains largely underexplored In addressing this gap the book presents a diverse selection of analyses of the ways in which the Surrealists have thought about and represented nature and the human place within it It emphasises how Surrealism's interventions in connecting seemingly distinct domains of thought and phenomena can be understood as relevant to more recent developments in the practice of ecological thought Surrealist practices and the academic field of Surrealism studies are broad in scope and include not only visual art but also poetry and literature film philosophy exhibition design and experimental practice This volume includes contributions from established and developing scholars working across disciplines and locations who address such varied practices and engage with analyses from multiple perspectives The international and trans Atlantic history of Surrealism is well represented in this book with over half the texts exploring the work of European Surrealists in exile during the Second World War or the art and environmental and political activism of Surrealists in the Caribbean and throughout the Americas A Marvelous World Benjamin Péret, 1985 Benjamin Peret was a Surrealist's Surrealist Elizabeth Jackson tells us in her introduction to *A Marvelous World* the first book to present an extensive and representative selection of Peret's poems in English *Investigating Sex* José Pierre, 2014-04-03 Are women's orgasms more intense than men's What did Andr Breton think of homosexuality Can love be separated from physical desire In

Modernity in Black and White Rafael Cardoso,2021-04-15 Modernity in Black and White provides a groundbreaking account of modern art and modernism in Brazil Departing from previous accounts mostly restricted to the elite arenas of literature fine art and architecture the book situates cultural debates within

the wider currents of Brazilian life From the rise of the first favelas in the 1890s and 1900s to the creation of samba and modern carnival over the 1910s and 1920s and tracking the expansion of mass media and graphic design into the 1930s and 1940s it foregrounds aspects of urban popular culture that have been systematically overlooked Against this backdrop Cardoso provides a radical re reading of Antropofagia and other modernist currents locating them within a broader field of cultural modernization Combining extensive research with close readings of a range of visual cultural production the volume brings to light a vast archive of art and images all but unknown outside Brazil The Poetry of Change Julia F. Costich, 1979 This is the first English language comprehensive edition of P ré t s work The collection is organized thematically around movement and change and includes a wide array of P ré t s genres including poetry essay and narrative **Introduction to Benjamin Péret** ,1979 *Benjamin Péret* Jean-Michel Goutier, 1982 *Benjamin Péret* Jean-Louis Bédouin, 1961 *Transition* ,1927 **Art News Annual** ,1952 *From the Hidden Storehouse* Benjamin Péret, 1981 Luis Bunuel called P ré t the quintessential surrealist poet Benjamin Peret is a poet like no other One of the original group of Surrealists he seceded from Dada in 1924 and remained faithful to Surrealist principles until his death in 1959 His irreverence and incandescent imagination remain fresh and funny and they are perfectly captured in this inspired idomatic translation Vanity Fair ,1922 **Catalog of the Library of the Museum of Modern Art: Pat** Museum of Modern Art (New York, N.Y.).
