Yesnowitz,2015-11-17 Agitation with a Smile offers a reappraisal of Howard Zinn s political thought and situates his efforts in a contemporary context looking toward the nature of activism and dissent in the future This is the first book to provide a substantive account and assessment of Zinn s philosophy and approach to collective action and to a larger extent democracy The contributors to this book explore the most effective mechanisms by which to arouse public support for seemingly radical positions and how current technological advancements may alter our perception of Zinn s activism The book is a valuable guide to a new generation of activists and scholars of politics in gauging the lasting relevance and legacy of Zinn s ideals concepts and methodology The text is neither fawning nor unduly critical unlike many discussions of Zinn in popular culture Rather the contributors engage the various complexities and tensions present throughout Zinn s work and subject them to contemporary assessment This is a multidisciplinary and international approach to Howard Zinn s intellectual and activist canon

manual of radical discipleship in the ancient Roman empire Who Will Roll Away the Stone picks up and extends the gospel's challenge specifically to those living in the contemporary imperial context Each chapter opens with classic questions from within the gospel itself Beginning with Peter's denial of Jesus Who Will Roll Away the Stone shows how and why first world Christians politically free socially mobile and resource rich seem typically unable or unwilling to struggle for social change Myers uses three of the most troubling and problematic of recent events the Los Angeles riots the Gulf War the Columbus quincentennial to demonstrate how the subtle complexities of a culture of technological wizardry information overload and short term memory can be recognized as blocking the first step on the journey of discipleship Myers then turns to the second stage of discipleship which is conversion literally a call to change direction both as individuals and as a society He continues with a deconstruction of the modus vivendi of U S culture using experiments in other ways of living including social relocation and nonviolent politics He then moves into the third stage of the call to discipleship to reconstruct the church and the world through positive action building solidarity with one another and with the poor accepting and celebrating diversity and its gifts and reclaiming the discourse of the reign of God from those who use it to defend the status quo
